§415.7 The application and policy.

(a) Application for insurance on a form prescribed by the Corporation may be made by any person to cover such person's share in the forage production crop as landlord, owner-operator, or tenant. The application shall be submitted to the Corporation at the service office on or before the applicable closing date on file in the service office.

(b) The Corporation may discontinue the acceptance of applications in any county upon its determination that the insurance risk is excessive, and also, for the same reason, may reject any individual application. The Manager of the Corporation is authorized in any crop year to extend the closing date for submitting applications in any county, by placing the extended date on file in the applicable service offices and publishing a notice in the FEDERAL REGISTER upon the Manager's determination that no adverse selectivity will result during the period of such extension. However, if adverse conditions should develop during such period, the Corporation will immediately discontinue the acceptance of applications.

(c) In accordance with the provisions governing changes in the contract contained in policies issued under FCIC regulations for the 1986 and succeeding

crop years, a contract in the form provided for in this subpart will come into effect as a continuation of a forage production contract issued under such prior regulations, without the filing of a new application.

(d) The application for the 1986 and succeeding crop years is found at subpart D of part 400, General Administrative Regulations (7 CFR 400.37, 400.38). The provisions of the Forage Production Insurance Policy for the 1986 through 1997 crop years are as follows:
