§§ 4284.517—4284.526 [Reserved]

§ 4284.527 Other considerations.

(a) *Civil rights compliance requirements.* All grants made under this subpart are subject to the requirements of title VI

of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, and national origin as outlined in part 1901, subpart E of this title. In addition, the grants made under this subpart are subject to the requirements of section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination on the basis of disability; the requirements of the Age Discrimination Act of 1975, which prohibits discrimination on the basis of age; and title III of the Americans with Disabilities Act, which prohibits discrimination on the basis of disability by private entities in places of public accommodations.

(b) *Environmental requirements—(1) General applicability.* Unless specifically modified by this section, the requirements of part 1940, subpart G of this title apply to this subpart. For example, the Agency's general and specific environmental policies contained in §§ 1940.303 and 1940.304 of this title must be complied with. Although the purpose of the grant program established by this subpart is to improve business, industry, and employment in rural areas, this purpose is to be achieved, to the extent practicable, without adversely affecting important environmental resources of rural areas such as important farmland and forest lands, prime rangelands, wetland, and flood plains. Prospective recipients of grants, therefore, must consider the potential environmental impacts of their applications at the earliest planning stages and develop plans and projects that minimize the potential to adversely impact on the environment.

(2) *Technical assistance.* An application for a project exclusively involving technical assistance is generally excluded from the environmental review process by § 1940.310(e)(1) of this title. However, as further specified in § 1940.333 of this title, the grantee of a technical assistance grant, in the process of providing technical assistance, must consider and generally document within their plans the potential environmental impacts of the plan and recommendations provided to the recipient of the technical assistance.

(3) *Applications for grants to provide other than technical assistance to third-party recipients.* As part of the
