

**§ 729.317**

**7 CFR Ch. VII (1-1-01 Edition)**

**§ 729.317 Increased marketing assessments.**

(a) *Applicability.* If area quota pool losses are not otherwise covered by the offsets prescribed by part 1446 of this title, and the transfer of marketing assessments collected in accordance with provisions of this part, the marketing assessment for quota peanut producers shall be:

(1) Increased by an amount needed by CCC to cover such losses; and

(2) Collected as determined by CCC on all quota peanuts marketed in the next marketing year in the area covered by the quota pool which had the loss.

(b) *Insufficient collections.* If the amount of such increased assessments collected on the marketing of quota peanuts in any year is less than the amount needed to cover the accumulated net pool losses for any crop, there shall be an increased assessment in subsequent years until the amount needed is collected.

(c) *Excess collections.* If the increased amount of assessments, as provided in this section, collected on the marketing of quota peanuts for any year is greater than the amount needed for the purpose for which the collection is made, the excess amount shall be retained to offset any losses which may occur in quota pools within that marketing area in subsequent years.

(d) *Collection procedures.* Unless otherwise specified by CCC, the collection procedures for the increased assessments shall be as provided for in § 729.316 and the assessment rates of § 729.316 shall be increased accordingly.

[61 FR 37566, July 18, 1996]

**Subpart D—Recordkeeping and Reporting Requirements**

**§ 729.401 Peanuts marketed to persons who are not registered handlers.**

(a) If peanuts are marketed to persons other than registered peanut handlers, the operator of the farm on which the peanuts were produced shall file a report of the marketings by executing Form FSA-1011, Report of Acreage and Marketing of Peanuts to Non-established Buyers. The FSA-1011 must be mailed or delivered to the county

executive director of the county in which the farm is administratively located within 15 days after the marketing of peanuts from the farm has been completed. If peanuts are marketed by the producer in small lots directly to consumers, such as in the case of local street sales, a daily or weekly summary of the quantity marketed and the place of marketing may be reported in lieu of the name and address of each buyer.

(b) Failure to file an FSA-1011 as required or the filing of a report which the county committee finds to be incomplete or inaccurate shall constitute failure to account for the disposition of the peanuts on the farm and may result in the assessment of marketing penalties, as provided in this part.

(c) All peanuts marketed to persons other than registered handlers shall be considered as marketings of quota peanuts.

**§ 729.402 Report on marketing card.**

The farm operator shall return each peanut marketing card to the issuing county FSA office as soon as marketings from the farm are completed or at such earlier time as the county executive director may request. At the time the last marketing card for a farm is returned, the farm operator shall execute a certification of the pounds of peanuts retained for seed or other use. Failure to return a marketing card or failure to execute the certification of the quantity of peanuts retained for seed or other uses shall constitute failure to account for the disposition of peanuts marketed from the farm. Marketing penalties may be assessed for such failure as provided in this part, unless a satisfactory report of disposition is furnished to the county committee.

**§ 729.403 Report of marketing green peanuts.**

(a) *Farm operator report.* The operator of each farm from which green peanuts are marketed shall report the marketing of green peanuts. The operator shall make the report by filing Form FSA-1011 at the FSA office of the county in which the farm is administratively located. The report shall show for the farm:
