Failure of the handler or receiver to report such shipments by promptly signing and returning the applicable special purpose shipment report to the committee office shall be cause for cancellation of such handler's certificate applicable to such special purpose shipments and/or the receiver's eligibility to receive further shipments pursuant to such certificate. Upon cancellation of such certificate, the handler may appeal to the committee for reconsideration; such appeal shall be in writing;

(iii) Before diverting any such special purpose shipment from the receiver of record as previously furnished to the committee by the handler such handler shall submit to the committee a revised special purpose shipment report.

(iii) Upon request by the committee, furnish reports of each shipment pursuant to the applicable Special Purpose Certificate;

(iv) Mail to the office of the committee a copy of the bill of lading for each Special Purpose Certificate shipment promptly after the date of shipment unless other arrangements are made;

(g) *Inspection.* (1) Except when relieved by paragraphs (d) or (f) of this section, no person may handle any potatoes unless a Federal-State Inspection Notesheet or certificate covering them has been issued by an authorized representative of the Federal-State Inspection Service and the document is valid at the time of shipment. (h) *Definitions.* The terms *U.S. No. 1*, *U.S. No. 2*, *not seriously damaged by dirt*, *fairly clean*, *slightly skinned*, and *moderately skinned* shall have the same meaning as when used in the United States Standards for Grades of Potatoes (7 CFR 51.1540-51.1566), including the tolerances set forth in it. The term *prepeeling* means the commercial preparation in the prepeeling plant of clean, sound, fresh tubers by washing, peeling or otherwise removing the outer skin, trimming, sorting, and properly treating to prevent discoloration preparatory to sale in one or more of the styles of peeled potatoes described in §52.2422 United States Standards for Grades of Peeled Potatoes (7 CFR 52.2421-52.2433). The term *other processing* has the same meaning as the term appearing in the Act and includes, but is not restricted to, potatoes for dehydration, chips, shoestrings, starch, and flour. It includes the application of heat or cold to such an extent that the natural form or stability of the commodity undergoes a substantial change. The act of peeling, cooling, slicing, dicing, or applying material to prevent oxidation does not constitute "other processing." Other terms used in this section have the same meaning as when used in the marketing agreement, as amended, and this part.
