### MARKETING POLICY

#### § 989.154 Marketing policy computations.

(a) *Desirable carryout levels.* The desirable carryout levels to be used in computing and announcing a crop year's marketing policy shall be equal to the total shipments of free tonnage during August, September, and October for each of the past 5 crop years, for each varietal type, converted to a natural condition basis, dropping the high and low figures, and dividing the remaining sum by three.

(b) *Estimated trade demand.* Pursuant to § 989.54(e)(4), estimated trade demand is a figure different than the trade demand computed according to the formula in § 989.54(a). The Committee shall use an estimated trade demand to compute preliminary and interim free and reserve percentages, or determine such final percentages for recommendation to the Secretary for 1999–2000 crop Natural (sun-dried) Seedless (NS) raisins if the crop estimate is equal to, less than, or no more than 10 percent greater than the computed trade demand: Provided, That the final reserve percentage computed using such estimated trade demand shall be no more than 10 percent, and no reserve shall be established if the final 1999–2000 NS raisin crop estimate is less than 235,000 natural condition tons.

#### § 989.156 Raisin diversion program.

(a)(1) *Quantity to be diverted.* On or before November 30 of each crop year, the Committee shall announce the quantity of raisins eligible for a raisin diversion program. On or before January 15 of each crop year, the Committee may announce an increase in the tonnage eligible for a raisin diversion program. The quantity eligible for diversion may be announced for any of the following varietal types of raisins: Natural (sun-dried) Seedless, Muscat (including other raisins with seeds), Sultana, Zante Currant, Monukka, and

Other Seedless raisins. At the same time the Committee shall determine and announce to producers, handlers, and the cooperative bargaining association(s) the allowable harvest cost to be applicable to such diversion tonnage. The factors to be reviewed by the Committee in determining allowable harvest costs shall include but not be limited to: Costs for picking, turning, rolling, boxing, paper trays, vineyard terracing, hauling to the handler, and crop insurance.

(2) The Committee may limit any season's diversion program to production units on which producers agree to remove the vines. Such restriction shall be announced at the time the tonnage available for that season's diversion program is announced.

(b) *Application for diversion certificates.* Any producer desiring to participate in a raisin diversion program shall file with the Committee, by certified mail, prior to December 20 of the crop year, an application on Form RAC-1000, "Application for Raisin Diversion Certificate" together with a copy of any two of the following four documents: Plot Map from County Hall of Records; irrigation tax bill; county property tax bill; or any other document containing an Appraisal Parcel Number. Such application shall include at least the following information:

(1) The name, address, and telephone number of the producer;

(2) The location and size of the production unit to be diverted;

(3) The raisin production by varietal type on such production unit during the prior crop year or the last crop year eligible for such diversion;

(4) The handler to whom such raisins were delivered;

(5) A statement identifying whether the applicant will remove the vines in the production unit under the program;

(6) A statement that all persons with an equity interest in the grapes in the production unit to be diverted consent to the filing of the application; and

(7) A statement that the producer agrees to comply with the regulations established for a raisin diversion program.
