(b)(1) An authorized representative of the State agency or agencies designated under section 18(c)(1) to administer the plan shall submit the supplement with 6 copies to the appropriate Regional Administrator. The supplement shall contain the change with related documentation on the impact of the change on the State plan.

(2) The State may also show cause why a supplement should not be required on the grounds that it does not impact on the effectiveness of the State program and that additional Federal funding is not required. The procedures in this subpart would be applicable thereto.

(c) Upon receipt of the supplement, the Regional Administrator shall make a preliminary review of the changes. If his examination reveals any defect in the supplement, the Regional Administrator shall offer assistance to the State and shall provide the agency an opportunity, generally not to exceed 30
