

paragraph (c)(2) of this section, if an eligible institution adds an educational program after it has been designated as an eligible institution by the Secretary, the institution must apply to the Secretary to have that additional program designated as an eligible program of that institution.

(2) An eligible institution that adds an educational program after it has been designated as an eligible institution by the Secretary does not have to apply to the Secretary to have that additional program designated as an eligible program of that institution if the additional program—

(i) Leads to an associate, baccalaureate, professional, or graduate degree; or

(ii)(A) Prepares students for gainful employment in the same or related recognized occupation as an educational program that has previously been designated as an eligible program at that institution by the Secretary; and

(B) Is at least 8 semester hours, 12 quarter hours, or 600 clock hours.

(3) If an institution incorrectly determines under paragraph (c)(2) of this section that an educational program satisfies the applicable statutory and regulatory eligibility provisions without applying to the Secretary for approval, the institution is liable to repay to the Secretary all HEA program funds received by the institution for that educational program, and all the title IV, HEA program funds received by or on behalf of students who were enrolled in that educational program.

(d) *Duration of eligibility.* (1) If an institution participates in the title IV, HEA programs, the Secretary's designation of the institution as an eligible institution under the title IV, HEA programs expires when the institution's program participation agreement, as described in 34 CFR part 668, subpart B, expires.

(2) If an institution participates in an HEA program other than a title IV, HEA program, the Secretary's designation of the institution as an eligible institution, for purposes of that non-title IV, HEA program, does not expire as long as the institution continues to satisfy the statutory and regulatory requirements governing its eligibility.

(e) *Consequence of eligibility.* (1) If, as a part of its institutional eligibility application, an institution indicates that it wishes to participate in a title IV, HEA program and the Secretary determines that the institution satisfies the applicable statutory and regulatory requirements governing institutional eligibility, the Secretary will determine whether the institution satisfies the standards of administrative capability and financial responsibility contained in 34 CFR part 668, subpart B.

(2) If, as part of its institutional eligibility application, an institution indicates that it does not wish to participate in any title IV, HEA program and the Secretary determines that the institution satisfies the applicable statutory and regulatory requirements governing institutional eligibility, the institution is eligible to apply to participate in any HEA program listed by the Secretary in the eligibility notice it receives under §600.21. However, the institution is not eligible to participate in those programs, or receive funds under those programs, merely by virtue of its designation as an eligible institution under this part.
