

Presidio Trust

(2) Establish and maintain working relationships with relevant government agencies concerned with environmental matters;

(3) Develop procedures within the Trust's planning and decision-making processes to ensure that environmental factors are properly considered in all proposals and decisions in accordance with this part;

(4) Develop, monitor, and review the Trust's implementation of standards, procedures, and working relationships for protection and enhancement of environmental quality and compliance with applicable laws and regulations;

(5) Monitor processes to ensure that the Trust's procedures regarding consideration of environmental quality are achieving their intended purposes;

(6) Advise the Board, officers, and employees of the Trust of technical and management requirements of environmental analysis, of appropriate expertise available, and, in consultation with the Trust's General Counsel, of relevant legal developments;

(7) Monitor the consideration and documentation of the environmental aspects of the Trust's planning and decision-making processes by appropriate officers and employees of the Trust;

(8) Ensure that all EA's and EIS's are prepared in accordance with the appropriate regulations adopted by the CEQ and the Trust;

(9) Consolidate and transmit to appropriate parties the Trust's comments on EIS's and other environmental reports prepared by other agencies;

(10) Acquire information and prepare appropriate reports on environmental matters required of the Trust;

(11) Coordinate Trust efforts to make available to other parties information and advice on the Trust's policies for protecting and enhancing the quality of the environment; and

(12) Designate other Trust employees to execute these duties under the supervision of the NEPA Compliance Coordinator, where necessary for administrative convenience and efficiency. As used in this chapter, the term "NEPA Compliance Coordinator" includes any such designee.

§ 1010.6

§ 1010.5 Major decision points.

(a) The possible environmental effects of a proposed action or project within the Presidio Trust Area must be considered along with technical, financial, and other factors throughout the decision-making process. Most Trust projects have three distinct stages in the decision-making process:

(1) Conceptual or preliminary study stage;

(2) Detailed planning or final decision stage;

(3) Implementation stage.

(b) Environmental review will be integrated into the decision-making process of the Trust as follows:

(1) During the conceptual or preliminary study stage, the NEPA Compliance Coordinator shall determine whether the proposed action or project is one which is categorically excluded under § 1010.7, has been adequately reviewed in a previously prepared EA and/or EIS, or requires further NEPA review (*i.e.*, an EA or an EIS).

(2) If the proposed action or project is not categorically excluded and has not been adequately reviewed in a previously prepared EA and/or EIS, then prior to the Trust's proceeding beyond the conceptual or preliminary study stage, the NEPA Compliance Coordinator must determine whether an EIS is required. When appropriate, prior to the determination as to whether an EIS is required, the NEPA Compliance Coordinator may initiate a public scoping process in order to inform such a determination.

(3) If an EIS is determined to be necessary, the Trust shall initiate a public scoping process in accordance with 40 CFR 1501.7. An EIS, if determined necessary, must be completed and circulated at the earliest point at which meaningful analysis can be developed for the proposed action or project and prior to the Trust's final approval of the proposed action or project.

§ 1010.6 Determination of requirement for EA or EIS.

In deciding whether to require the preparation of an EA or an EIS, the NEPA Compliance Coordinator will determine whether the proposal is one that:
