

agency has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, agencies should seek additional clarification before assigning the request to a specific category.

(m) *Educational Institution* refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(n) *Non-Commercial Scientific Institution* refers to an institution that is not operated on a *commercial* basis as that term is referenced in paragraph (1) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(o) *Representative of the News Media* refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term *news* means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of *news*) who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive.

Moreover, as traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. In the case of *freelance* journalists, they may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. A publication contract would be the clearest proof, but agencies may also look to the past publica-

tion record of a requester in making this determination.

This information includes—

(1) Description of the A&TBCB's organization and the established places at which, the employees from whom, and the methods whereby the public may obtain information, make submissions or requests, or obtain decisions;

(2) Statements of the general course and method by which the A&TBCB's functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(3) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

(5) Each amendment, revision, or repeal of the foregoing. Indexes to the FEDERAL REGISTER are published in each daily issue and compiled currently on a monthly, quarterly, and annual basis. Copies of the FEDERAL REGISTER and its indexes are available in many libraries and may be purchased from the Superintendent of Documents, Government Printing Office,

Washington, DC 20402. No formal request to examine documents in the FEDERAL REGISTER is necessary to inspect them at the place where they are kept. Materials incorporated by reference in the FEDERAL REGISTER are available for inspection in A&TBCB offices.

(b) *Code of Federal Regulations.* Title 36 of the *Code of Federal Regulations*, which is republished and updated annually, contains a compilation of documents published by the A&TBCB in the FEDERAL REGISTER which set forth substantive and procedural rules and regulations of the A&TBCB and statements of general policy or interpretations of general applicability formulated and adopted by the Board. Copies of the *Code of Federal Regulations* are available in many libraries and may be purchased from the Superintendent of Documents. Reference copies maintained in offices of the A&TBCB are available for examination without formal request.

(c) *Effect of nonpublication.* Except to the extent that a person has actual and timely notice of its terms, no person may in any manner be required to resort to, or be adversely affected by, any procedure or matter required to be published in the FEDERAL REGISTER, but not so published. For the purposes of this paragraph, material that is reasonably available to the class of persons affected by it is considered to be published in the FEDERAL REGISTER if it has been incorporated by reference in the FEDERAL REGISTER with the approval of the Director of the Federal Register.

§ 1120.6 Information in A&TBCB publications.

(a) *General.* Copies of information material shall be available upon oral or written request so long as an adequate supply exists. These informational materials include press releases, pamphlets, and other materials ordinarily made available to the public without cost as part of a public information program, and reprints of individual parts of the *Code of Federal Regulations* or FEDERAL REGISTER relating to programs affecting substantial segments of the general public. Copies of informational publications of the A&TBCB

which may be purchased from the Superintendent of Documents may be inspected in those offices of the A&TBCB in which reference copies are available. Compliance with the formal procedures provided in this part for obtaining access to A&TBCB records is not necessary for access to the materials described in this paragraph.

(b) *Published indexes.* The informational publications available from the A&TBCB may include indexes to materials published or contained in its records. They will include the current indexes required by the Freedom of Information Act to be maintained and made available for inspecting and copying, except as otherwise provided by published order, as noted below. These indexes provide identifying information for the public as to—

- (1) Final opinions and orders made in the adjudication of cases;
- (2) Statements of policy and interpretations adopted but not published in the FEDERAL REGISTER; and
- (3) Administrative staff manuals and instructions to staff that affect a member of the public.

As promptly as possible after adoption of this part, these indexes will be made available to members of the public. Thereafter, updated indexes or supplements shall be published at least quarterly. However, the Board may determine by order published in the FEDERAL REGISTER that publication of an index is unnecessary and impracticable. In that case the Board shall provide copies of the index on request at a cost not to exceed the direct cost of duplication.
