§ 30.1 Introduction.

(a) Administration of the Whiskeytown Unit is required to be coordinated with the other purposes of the Central Valley project and with the purposes of the recreation area as a whole so as to provide for: (1) Public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization and disposal of renewable natural resources as in the judgment of the Secretary of the Interior will promote or is compatible with, and does

not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment.

(b) The Secretary may not acquire without consent of the owner any privately owned "improved property" or interests therein within the boundaries of the unit, so long as the appropriate local zoning agency (Shasta County), shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary. This suspension of the Secretary's authority to acquire "improved property" without the owner's consent would automatically cease: (1) If the property is made the subject to a variance or exception to any applicable zoning ordinance that does not conform to the applicable standards contained in the regulations in this part; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance approved by the Secretary.

(c) "Improved property" as used in this section, means any building or group of related buildings, the actual construction of which was begun before February 7, 1963, together with not more than 3 acres of land in the same ownership on which the building or group of buildings is situated, but the Secretary may exclude from such "improved property" any shore or waters, together with so much of the land adjoining such shore or waters, as he deems necessary for public access thereto.

(d) The regulations in this part specify the standards with which local zoning ordinances for the Whiskeytown Unit must conform if the "improved property" within the boundaries of that unit is to be exempt from acquisition by condemnation. The objectives of the regulations in this part are to: (1) Prohibit new commercial or industrial uses other than those which the Secretary considers to be consistent with the purposes of the act establishing the national recreation area; (2) promote the protection and development of properties in keeping with the purposes of that act by means of use, acreage, frontage, setback, density, height, or other requirements; and (3)
