

§ 327.31

36 CFR Ch. III (7-1-01 Edition)

25. When vegetation modification is allowed, the permittee will delineate the government property line in a clear, but unobtrusive manner approved by the resource manager and in accordance with the project Shoreline Management Plan.

26. If the ownership of a permitted facility is sold or transferred, the permittee or new owner will notify the Resource Manager of the action prior to finalization. The new owner must apply for a Shoreline Use Permit within 14 days or remove the facility and restore the use area within 30 days from the date of ownership transfer.

27. If permitted facilities are removed for storage or extensive maintenance, the resource manager may require all portions of the facility be removed from public property.

APPENDIX D TO § 327.30—PERMIT [RESERVED]

[55 FR 30697, July 27, 1990, as amended at 57 FR 21895, May 26, 1992; 57 FR 29220, July 1, 1992; 63 FR 35828, July 1, 1998]

EFFECTIVE DATE NOTE: The amendment to § 327.30 revising the last sentence of paragraph (k), published at 56 FR 29587, June 28, 1991, was deferred indefinitely. See 56 FR 49706, Oct. 1, 1991. The administrative charges contained in § 327.30, Shoreline Management on Civil Works Projects, published in the July 1, 1991 edition of the Code of Federal Regulations will remain in effect. Any future decisions affecting this regulation will be published in the FEDERAL REGISTER at a later date by the Corps of Engineers, Department of the Army. For the convenience of the user, the rule published on June 28, 1991, at FR page 29587, is set forth as follows:

§ 327.30 Shoreline Management on Civil Works Projects.

* * * * *

(k) * * * The Fee Schedule is published in § 327.31.

§ 327.31 Shoreline management fee schedule.

A charge will be made for Shoreline Use Permits to help defray expenses associated with issuance and administration of the permits. As permits become eligible for renewal after July 1, 1976, a charge of \$10 for each new permit and a \$5 annual fee for inspection of floating facilities will be made. There will be no annual inspection fee for permits for vegetative modification on Shoreline areas. In all cases the total administrative charge will be collected initially

at the time of permit issuance rather than on a piecemeal annual basis.

PART 328—REGULATION OF SEAPLANE OPERATIONS AT CIVIL WORKS WATER RESOURCE DEVELOPMENT PROJECTS ADMINISTERED BY THE CHIEF OF ENGINEERS

Sec.

- 328.1 Purpose.
- 328.2 Applicability.
- 328.3 References.
- 328.4 Policy.
- 328.5 Guidelines for seaplane use of project waters.
- 328.6 Procedures.
- 328.7 Other authorities.

AUTHORITY: Sec. 4 of the Act of Dec. 22, 1944, 58 Stat. 889, as amended, (16 U.S.C. 460d).

SOURCE: 42 FR 59076, Nov. 15, 1977, unless otherwise noted.

§ 328.1 Purpose.

This regulation, in connection with the modification of the present prohibition of seaplane operations by the amendment to § 327.4 of title 36 of the Code of Federal Regulations, is designed to provide uniform policies and criteria for designating Corps projects, or portions thereof, at which seaplane operations are prohibited or restricted; and to continue to protect the integrity and all authorized uses of such projects and the safety of users of such projects. As used in this regulation, *projects* or *Corps projects* means water resources development projects administered by the Chief of Engineers.

§ 328.2 Applicability.

This regulation is applicable to all Field Operating Agencies having Civil Works responsibilities.

§ 328.3 References.

- (a) Title 36 CFR, part 327, Rules and Regulations Governing Public Use of Water Resource Development Projects Administered by the Chief of Engineers (38 FR 7552, March 23, 1973).
- (b) ER 1105-2-507.
- (c) ER 1130-2-400.

Corps of Engineers, Army, DoD

§ 328.6

- (d) ER 1145-2-301.
- (e) ER 1145-2-303.
- (f) ER 1165-2-400.
- (g) ER 405-2-800 Series.

§ 328.4 Policy.

(a) The objective of Corps of Engineers resources management is to maximize public enjoyment and use of the lands, waters, forests, and associated recreational resources, consistent with their aesthetic and biological values. Such management includes efforts to preserve and enhance the environmental amenities that are the source of the recreational value associated with the project and to allow such other new and innovative uses of the projects that are not detrimental thereto.

(b) Seaplane operations at water resource development projects administered by the Chief of Engineers may involve hazards including, but not limited to, conflicting recreational activities, floating debris, and underwater hazards, which may be accentuated by the normal fluctuations of water levels.

(c) Seaplane operations may be prohibited or restricted at such water resource development projects, or portions thereof, for a variety of management reasons. Prohibiting or restricting seaplane operations in certain portions within a project in no way implies that safety hazards to seaplane operations or to other recreation users may not exist in other portions of such project.

(d) The operation of a seaplane at Corps projects is at the risk of the plane's owner, operator, and passenger(s). The responsibility to ascertain whether seaplane operations are permitted, prohibited or restricted at such projects, and portions thereof, is incumbent upon the person(s) contemplating the use of, or using, such waters.

§ 328.5 Guidelines for seaplane use of project waters.

(a) All operations of the aircraft while upon the water shall be in accordance with the marine rules of the road for power boats or vessels.

(b) Seaplanes on project waters and lands in excess of 24 hours shall be se-

curally moored at mooring facilities and at locations permitted by the District Engineer. Seaplanes may be temporarily moored on project waters and lands, except in areas prohibited by the District Engineer, for periods less than 24 hours providing that—

(1) The mooring is safe, secure, and accomplished so as not to damage the rights of the government or members of the public and

(2) The operator remains in the vicinity of the seaplane and reasonably available to relocate the seaplane if necessary.

(c) No commercial operation of seaplanes from project waters will be allowed without written approval of the District Engineer following consultation with and the necessary clearance from the Federal Aviation Administration (FAA) and other appropriate public authorities and affected interests.

(d) Seaplanes may not be operated at Corps projects between sunset and sunrise unless adequate lighting and supervision are available.

(e) Requests for public commercial facilities in support of seaplanes will be handled under normal concession policies.

(f) Permits for floating and non-floating structures of any kind, in, on, or affecting project waters, under the management of the Resource Manager, including waters under lease, license or other outgrant agreement, shall be handled in accordance with the lake-shore management plan or policy statement for the project involved, §327.19 of title 36, Code of Federal Regulations and, where required by statute or regulation, section 10 of the River and Harbor Act (approved March 3, 1899) and section 404 of the Federal Water Pollution Control Act of 1972 (Pub. L. 92-500).

(g) Appropriate signs should be employed to inform users of projects, or portions thereof, where seaplane operations are permitted.

§ 328.6 Procedures.

(a) In order to protect the integrity and all authorized uses of Corps projects and the safety of all users of the lake projects, the District Engineer shall:
