

§ 328.7 Other authorities.

Nothing in the preceding provisions bestows authority to deviate from rules and regulations or prescribed standards of the State Aeronautical Agency, Federal Aviation Administration, Coast Guard, or other appropriate Federal, state, or local authority.

**PART 330—REGULATION OF LAW ENFORCEMENT SERVICES CONTRACTS AT CIVIL WORKS WATER RESOURCE PROJECTS ADMINISTERED BY THE CHIEF OF ENGINEERS**

- Sec.
- 330.1 Purpose.
- 330.2 Applicability.
- 330.3 References.
- 330.4 General.
- 330.5 Policy.
- 330.6 Criteria.
- 330.7 Funding.
- 330.8 Annual report.

AUTHORITY: Sec. 120 of the Water Resource Development Act of 1976, 90 Stat. 2917.

SOURCE: 42 FR 61986, Dec. 8, 1977, unless otherwise noted.

§ 330.1 Purpose.

This regulation provides policy and guidance for the establishment and management of the contract law enforcement program including preparation of and management of contracts ensuing from this program.

§ 330.2 Applicability.

This regulation is applicable to all field operating agencies having responsibilities for Civil Works water resource development projects.

§ 330.3 References.

- (a) Section 4 of the Flood Control Act of 1944, as amended (16 U.S.C. 460d).
- (b) Section 234 of the River and Harbor and Flood Control Act of 1970 (Pub. L. 91-611, 84 Stat. 1818).
- (c) Section 120 of the Water Resource Development Act of 1976 (Pub. L. 94-587, 90 Stat. 2917).
- (d) 36 CFR chapter III.
- (e) ER 190-2-3.
- (f) ER 190-3-4.

§ 330.4 General.

(a) Section 120(a) of reference § 330.3(c) authorizes the Secretary of the Army, acting through the Chief of Engineers, to contract with States and their political subdivisions for the purpose of obtaining increased law enforcement services at water resource development projects under the jurisdiction of the Secretary of the Army to meet needs during peak visitation periods.

(b) Further, section 120(b) of the Act authorizes a maximum appropriation of up to \$6,000,000 per fiscal year for the fiscal years ending 30 September 1978 and 30 September 1979, to carry out section 120(a).

§ 330.5 Policy.

(a) It is the policy of the Corps of Engineers to provide, to the extent of its authorities, a safe and healthful environment for public use of lands and waters at Civil Works water resource development projects. To insure this safe and healthful environment, and to augment the citation authorities granted to the Corps of Engineers by reference § 330.3(b), District Engineers, subject to the authority of the Division Engineers, as set out below, are hereby delegated the authority to contract with States or their political subdivisions to obtain increased law enforcement services at Civil Works water resource development projects. Division Engineers are hereby delegated the authority to approve any minor deviations from this regulation except that any substantial deviations from the policies expressed within this regulation will require the prior approval of the Chief of Engineers or his authorized representative. Any required approval for deviation shall be made prior to the execution of the contract. When fiscal year 1978 and fiscal year 1979 work allowances are issued, instructions will be furnished on reporting requirements and the control of expenditures.

(b) Contracts for law enforcement services, as authorized in § 330.5(a), shall be subject to the terms and conditions as provided for within this regulation and in accordance with standard contracting and accounting procedures applicable to the Corps of Engineers.

### § 330.6

### 36 CFR Ch. III (7-1-01 Edition)

(c) This regulation is not intended to diminish or otherwise limit the existing law enforcement responsibilities of the State or local law enforcement agencies.

(d) Contract law enforcement personnel shall not be given Federal citation authority for enforcement of regulations contained in title 36 of the Code of Federal Regulations, Chapter III nor shall they be empowered to enforce such regulations. These regulations shall remain the responsibility of the Corps of Engineers.

(e) Contracts for increased law enforcement shall be for those projects or portions of projects that are operated and maintained by the Corps of Engineers. Law enforcement services will not be provided under this program to those outgrant areas operated and maintained by a non-Federal sponsor.

#### § 330.6 Criteria.

(a) In order to provide reimbursement for law enforcement services supplied by a State or local law enforcement agency, a contract must be executed and approved in accordance with this regulation prior to the provisions of such services.

(b) The authorized contract law enforcement program extends only to 30 September 1979. Law enforcement services acquired by contract under this program shall be limited to those increased law enforcement services required to meet the needs of the public during peak visitation periods. Accordingly, the contract period shall not extend beyond the dates of 1 April through 30 September inclusive, and in no event shall the contract be written for more than 120 days within that time period. The contract may provide for an option to renew for a similar, additional period not to exceed 120-day period in Fiscal Year 1979. Any exceptions to this criteria must be approved by the Chief of Engineers or his authorized representative.

(c) Contracts shall be consummated only with those public law enforcement agencies legally empowered to enforce State and local criminal and civil laws within their respective political jurisdictions. In light of this requirement and the authority cited in § 330.3(c), it is recognized that sole source negotia-

tions may necessarily be utilized in the procurement of these services. In negotiating law enforcement contracts with these agencies the District Engineer must determine the reasonableness of the price for the law enforcement services offered under the contract. Such a determination shall be made prior to execution of the contract, in accordance with the applicable Contract Cost Principles and Procedures as set out in ASPR, section 15, part 7, and as subject to the policies contained in this regulation. Such a determination shall be contained in the official contract file and must accompany any requests for deviations from the Division Engineer or Chief of Engineers as provided for in § 330.5(a) of this regulation. Contract law enforcement personnel must meet all the qualifications, including minimal law enforcement training, required by State and local laws and regulations.

(d) The contractor shall provide all personnel, equipment and supplies which are required to provide the increased law enforcement services contracted for by the District Engineer. The Corps of Engineers shall not reimburse the contractor for the purchase of any equipment or supplies desired by the contractor for use under this program. However, the Corps of Engineers shall reimburse the contractor for the reasonable costs incurred by him in the rental or use of such equipment which is allocated to the work performed by him under the contract. Such use shall include:

(1) A depreciation or use allowance for such equipment as determined by the service life evaluation system used by the contractor, and (2) the costs of necessary maintenance, repair, and upkeep of the property which neither adds to the permanent value of the property nor appreciably prolongs its intended life, but keeps it at an efficient operating condition.

(e) Reimbursement for law enforcement services shall be considered only for increased law enforcement services to meet needs during peak visitation periods. Each District Engineer shall evaluate and establish a normal law enforcement service standard for each contract situation and include such standard in the plan of operation to be
