

§ 51.33

36 CFR Ch. I (7-1-01 Edition)

§ 51.33 What if a preferred offeror does not timely amend its proposal to meet the terms and conditions of the best proposal?

If a preferred offeror does not amend its proposal to meet the terms and conditions of the best proposal within the time period allowed by the Director, the Director will select for award of the contract the offeror that submitted the best responsive proposal.

§ 51.34 What will the Director do if a selected preferred offeror does not timely execute the new concession contract?

If a selected preferred offeror fails to execute the concession contract in the time period specified by the Director, the Director either will select for award of the concession contract the offeror that submitted the best responsive proposal, or will cancel the solicitation and may resolicit the concession contract but only without recognition of a preferred offeror or right of preference.

§ 51.35 What happens to a right of preference if the Director receives no responsive proposals?

If the Director receives no responsive proposals, including a responsive proposal from a preferred offeror, in response to a prospectus for a qualified concession contract for which a preferred offeror exists, the Director must cancel the solicitation and may resolicit the concession contract or take other appropriate action in accordance with this part. No right of preference will apply to a concession contract resolicited under this section unless the contract is resolicited upon terms and conditions materially more favorable to offerors than those contained in the original contract.

Subpart F—Determining a Preferred Offeror

§ 51.36 What conditions must be met before the Director determines that a concessioner is a preferred offeror?

A concessioner is a preferred offeror if the Director determines that the following conditions are met:

(a) The concessioner was a satisfactory concessioner during the term of its concession contract as determined under this part;

(b) The applicable new contract is a qualified concession contract as determined under this part; and

(c) If applicable, the concessioner's previous concession contract was an outfitter and guide concession contract as determined under this part.

§ 51.37 How will the Director determine that a new concession contract is a qualified concession contract?

A new concession contract is a qualified concession contract if the Director determines that:

(a) The new concession contract provides for the continuation of the visitor services authorized under a previous concession contract. The visitor services to be continued under the new contract may be expanded or diminished in scope but, for purposes of a qualified concession contract, may not materially differ in nature and type from those authorized under the previous concession contract; and either

(b) The new concession contract that is to replace the previous concession contract is estimated to result in, as determined by the Director, annual gross receipts of less than \$500,000 in the first 12 months of its term; or

(c) The new concession contract is an outfitter and guide concession contract as described in this part.

§ 51.38 How will the Director determine that a concession contract is an outfitter and guide concession contract?

The Director will determine that a concession contract is an outfitter and guide concession contract if the Director determines that:

(a) The concession contract solely authorizes or requires (except for park area access purposes) the conduct of specialized outdoor recreation guide services in the backcountry of a park area; and

(b) The conduct of operations under the concession contract requires employment of specially trained and experienced guides to accompany park visitors who otherwise may not have the skills and equipment to engage in the

National Park Service, Interior

§ 51.44

activity and to provide a safe and enjoyable experience for these visitors.

§ 51.39 What are some examples of outfitter and guide concession contracts?

Outfitter and guide concession contracts may include, but are not limited to, concession contracts which solely authorize or require the guided conduct of river running, hunting (where otherwise lawful in a park area), fishing, horseback, camping, and mountaineering activities in the backcountry of a park area.

§ 51.40 What are some factors to be considered in determining that outfitter and guide operations are conducted in the backcountry?

Determinations as to whether outfitter and guide operations are conducted in the backcountry of a park area will be made on a park-by-park basis, taking into account the park area's particular geographic circumstances. Factors that generally may indicate that outfitter and guide operations are conducted in the backcountry of a park area include, without limitation, the fact that:

- (a) The operations occur in areas remote from roads and developed areas;
- (b) The operations are conducted within a designated natural area of a park area;
- (c) The operations occur in areas where search and rescue support is not readily available; and
- (d) All or a substantial portion of the operations occur in designated or proposed wilderness areas.

[65 FR 20668, Apr. 17, 2000; 65 FR 54155, Sept. 7, 2000]

§ 51.41 If the concession contract grants a compensable interest in real property improvements, will the Director find that the concession contract is an outfitter and guide concession contract?

The Director will find that a concession contract is not an outfitter and guide contract if the contract grants any compensable interest in real property improvements on lands owned by the United States within a park area.

§ 51.42 Are there exceptions to this compensable interest prohibition?

Two exceptions to this compensable interest prohibition exist:

(a) The prohibition will not apply to real property improvements lawfully constructed by a concessioner with the written approval of the Director in accordance with the express terms of a 1965 Act concession contract; and

(b) The prohibition will not apply to real property improvements constructed and owned in fee simple by a concessioner or owned in fee simple by a concessioner's predecessor before the land on which they were constructed was included within the boundaries of the applicable park area.

§ 51.43 Who will make the determination that a concession contract is an outfitter and guide contract?

Only a Deputy Director or an Associate Director will make the determination that a concession contract is or is not an outfitter and guide contract.

§ 51.44 How will the Director determine if a concessioner was satisfactory for purposes of a right of preference?

To be a satisfactory concessioner for the purposes of a right of preference, the Director must determine that the concessioner operated satisfactorily on an overall basis during the term of its applicable concession contract, including extensions of the contract. The Director will base this determination in consideration of annual evaluations made by the Director of the concessioner's performance under the terms of the applicable concession contract and other relevant facts and circumstances. The Director must determine that a concessioner did not operate satisfactorily on an overall basis during the term of a concession contract if the annual evaluations of the concessioner made subsequent to May 17, 2000 are less than satisfactory for any two or more years of operation under the concession contract.
