

Panama Canal Commission

3552.236-76

WORK SITES, YARDS, SHOWS, AND OFFICES (JAN 1990)

(a) The term "work site" will embrace all areas wherein operations are conducted by the Contractor in connection with the contract, including Commission work areas, plant, shops, yards, offices, camps and other facilities. The Contractor may be permitted to use areas within the Canal Operating Area for storage-of-work purposes on a temporary basis.

(b) Prior to commencement of work, the Contractor shall, upon request, submit for the approval of the Contracting Officer, prints in quadruplicate, showing the locations of its major plant, offices, buildings, shops, storage yards, and other construction appurtenances which it proposes to construct. The Contractor shall remove any structure which it may construct in Canal Operating Areas, and restore the work site to its original condition after completion of the work.

(c) If, at any time during the progress of the work, areas which have been allocated to the Contractor are not being used by the Contractor or are not essential to the future execution of the work, as determined by the Contracting Officer, the Contractor shall, when so directed, promptly clean up and vacate such areas at no expense to the Commission. The Contractor shall keep the buildings and grounds in use by the contractor at the work site in an orderly and sanitary condition, subject to the approval of the Contracting Officer.

(d) Only equipment and materials required or used in connection with the work under the contract may be stored in Canal Operating Areas. Upon completion of the contract, and before final payment is made, the Contractor shall remove all equipment and materials from such areas.

(End of clause)

3552.236-75 Work Time Limitations.

As prescribed in 3536.570(m), insert the following clause:

WORK TIME LIMITATIONS (JAN 1990)

No work shall be done on Sundays or on days treated as a holiday for employees of United States Government agencies in the Republic of Panama, unless authorized or directed by the Contracting Officer. Requests by the Contractor to work on such days must be made in writing at least three days in advance.

(End of clause)

3552.236-76 Accident Prevention.

As prescribed in 3536.570(n), insert the following clause:

ACCIDENT PREVENTION (JAN 1990)

(a) In performing this contract, the Contractor shall provide for protecting the lives and health of employees and other persons; preventing damage to property, materials, supplies and equipment; and avoiding work interruptions. For these purposes, the Contractor shall—

(1) Provide appropriate safety barricades, signs, and signal lights;

(2) Comply with the standards issued by the Secretary of Labor at 29 CFR part 1926 and 29 CFR part 1910; and

(3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for this purpose are taken.

(b) The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment. The Contractor shall report this data in the manner prescribed by the Contracting Officer.

(c) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.

(d) The Contractor shall call to the attention of the Contracting Officer or his representative any unsafe condition which is not within the power of the Contractor to correct but which could be corrected by others.

(e) The Contractor shall, when performing work of an electrical nature, or when working in close proximity to electrical equipment or circuits, observe the following:

(1) Be responsible for determining that the facility on which his men are to work is de-energized, isolated, and identified with accepted tag out/lock out procedures. The Commission will de-energize or isolate the cable, conductor, bus, circuit breaker, or line on which the Contractor desires to work. The Commission will also re-energize the cable, conductor, bus, circuit breaker, or line upon which the Contractor has completed work and which he certifies is ready for service.

(2) When performing work, such as painting, roofing or modifying buildings, in close
