3552.247-70 Evaluation of Delivery Terms in Contract Awards.

As prescribed in 3547.370, insert the following provision:

EVALUATION OF DELIVERY TERMS IN CONTRACT AWARDS (JAN 1990)

(a) When competing offers are received which specify the two different allowable terms of delivery, the offers will be evaluated at the actual or constructive landed cost in the Republic of Panama in accordance with the procedures stated below. In this connection, and for evaluation purposes only, the point of delivery will be the Port of Balboa, Panama or the Port of Cristobal, Panama for all offerors. Therefore, offerors quoting on an f.o.b. destination New Orleans basis shall furnish the total cubic measurement for each item being offered in order to apply the following procedures:

(1) *F.o.b. Destination New Orleans:* Offers quoting delivery in the United States are required on an f.o.b. destination New Orleans, Louisiana basis since transportation from New Orleans will be by a vessel, operating pursuant to a U.S. Government contract, which will discharge at the Port of Balboa. In order to compare these offers with offers quoting c.i.f. destination Panama, the following factors will be applied:

(i) Ocean freight, New Orleans to Balboa \$_____ (*Contracting Officer insert appropriate amount*) per measurement ton of 40 cubic feet (MTON). This rate includes stevedoring and handling fees.

(ii) A self-insured loss factor of one percent of the dollar value of the offer price.

(iii) If the delivery port specified in the Commission solicitation is Cristobal, transportation from Balboa to Cristobal will be calculated at the rate of \$_____ (*Contracting Officer insert appropriate amount*) per MTON.

(2) *C.i.f. Destination Panama:* Foreign offerors proposing to ship from foreign countries, U.S. offerors preferring to ship directly to Panama, and Panamanian offerors proposing to ship from stock within the Republic of Panama, are required to ship on a c.i.f. Balboa, Panama or Cristobal, Panama basis, as applicable.

(b) Failure to furnish the total cubic measurements of the individual items could result in the rejection of the offer. Moreover, if actual total cubic measurements vary from the information furnished and the award was made to the Contractor on the constructive cost based on the erroneous information, the Contractor will be charged for the difference between the actual cost and the price of the next low responsive offeror.
