

§ 115.41 Certificate of approval for containers approved after manufacture.

The Certifying Authority shall issue an individual certificate of approval for each container that meets the requirements in § 115.40.

§ 115.42 Approval plates.

(a) The owner or operator applicant shall, upon receipt of a certificate of approval from the Certifying Authority, affix an approval plate in the manner specified for containers approved by design type (see § 115.32).

(b) Although an entry is not required in the space provided for type identifiers on an approval plate for containers approved after manufacture, identification number and letters indicating that a series of containers comply with the same specifications may be placed in such space. This may be used to assist in the identification of a series of containers in which a common defect may be discovered subsequent to certification. In such case the approval number on the plate shall be altered by an addition to the second or third element of such number. The specific method of altering the approval number may be established by each Certifying Authority, for containers approved by it, and communicated to the U.S. Customs Service.

(c) Two possible methods of accomplishing this are:

(1) Placing an "X" in front of the numeric portion of the middle element of the approval number, e.g., USA/X123-IB/85.

(2) Placing a suffix at the end of the approval number, e.g., USA/123-AB/85-01.

§ 115.43 Termination of approval.

Approval of a container terminates upon a change in the container by a major repair or alteration of any of the essential features required in § 115.40. Repairs by replacement in kind do not constitute a change of the essential features.

Subpart E—Procedures for Approval of Individual Road Vehicles**§ 115.48 General.**

This subpart provides for the approval and certification of individual road vehicles that comply with the technical requirements in § 115.51.

§ 115.49 Application.

A written request for approval of an individual road vehicle may be made by the owner, or carrier to a Certifying Authority and must include:

(a) Three copies, each no larger than 3 feet by 4 feet, of the Customs and TIR plan;

(b) Customs and TIR plan number;

(c) Three copies of the specifications which include the following information:

(1) Type of vehicle;

(2) Name and business address of owner or operator;

(3) Name of the manufacturer;

(4) Chassis number;

(5) Engine number (if applicable);

(6) Registration number;

(7) Particulars of construction;

(8) Any photos or diagrams required by the Certifying Authority to facilitate approval; and

(9) A proposed place and date for inspection of the road vehicle.

§ 115.50 Eligibility.

A road vehicle may be submitted for inspection by its owner or operator to a Certifying Authority of the country in which the owner or operator is a resident or is established, or where the vehicle is registered.

§ 115.51 Technical requirements.

A road vehicle that is submitted for inspection for individual approval must comply with the requirements of Annex 2 of the Customs Convention on the International Transport of Goods Under Cover of TIR Carnets (TIR Convention), November 14, 1975, (TIAS). Copies of Annex 2 may be obtained from the Headquarters, U.S. Customs Service, Office of Field Operations, 1300

§ 115.52

Pennsylvania Avenue, NW., Washington, DC 20229.

[T.D. 86-92, 51 FR 16161, May 1, 1986, as amended by T.D. 99-27, 64 FR 13675, Mar. 22, 1999]

§ 115.52 Approval.

The Certifying Authority shall issue a certificate of approval, valid for 2 years, to each road vehicle that complies with the applicable requirements in § 115.51.

§ 115.53 Certificate of approval.

A certificate of approval must be kept on the vehicle as evidence of approval.

§ 115.54 Renewal of certificate.

A certificate of approval may be renewed if the Certifying Authority determines by inspection every 2 years that the vehicle continues to comply with the applicable requirements in § 115.51.

§ 115.55 Termination of approval.

Approval of a road vehicle terminates:

- (a) Upon expiration of the certificate of approval; or
- (b) Upon a change in the road vehicle by a major repair or alteration of any of the essential features required in § 115.51. Repairs by replacement in kind do not constitute a change of the essential features.

Subpart F—Procedures for Approval of Road Vehicles by Design Type

§ 115.60 General.

This subpart provides for the approval and certification of road vehicles manufactured by design type.

§ 115.61 Eligibility.

Any manufacturer of road vehicles which are being manufactured in a type series from a standard design and specifications, so that each road vehicle has identical characteristics, may apply for an approval by design type.

§ 115.62 Where to apply.

A manufacturer may apply for approval of a road vehicle by design type

19 CFR Ch. I (4-1-02 Edition)

to a Certifying Authority of the country in which the road vehicle is manufactured, if such country is a contracting party to the TIR Convention, 1975.

§ 115.63 Application for approval.

Each application by a manufacturer for certification of a road vehicle by design type must include:

- (a) Three copies, each no larger than 3 feet by 4 feet, of the Customs and TIR plan;
- (b) Customs and TIR plan number;
- (c) Three copies of the specifications which include the following information:
 - (1) The name and address of the manufacturer and the owner; and
 - (2) A description of the road vehicle including the:
 - (i) Particulars of construction;
 - (ii) Dimensions;
 - (iii) Construction materials; and
 - (iv) Marks and numbers, including chassis, engine, and registration numbers.
- (d) A statement signed by the manufacturer that:
 - (1) It will present vehicles of the type concerned to the Certifying Authority which that Authority may wish to examine;
 - (2) Permit the Certifying Authority to examine further units at any time during or after the production run;
 - (3) Notify the Certifying Authority of each change in the design or specifications before adoption;
 - (4) Mark the road vehicles in a visible place with the identification number or letters of the design type and the serial number of the vehicle in the type series manufacturer's number; and
 - (5) Keep a record of vehicles manufactured according to the design type.

(1) It will present vehicles of the type concerned to the Certifying Authority which that Authority may wish to examine;

(2) Permit the Certifying Authority to examine further units at any time during or after the production run;

(3) Notify the Certifying Authority of each change in the design or specifications before adoption;

(4) Mark the road vehicles in a visible place with the identification number or letters of the design type and the serial number of the vehicle in the type series manufacturer's number; and

(5) Keep a record of vehicles manufactured according to the design type.

§ 115.64 Plan review.

(a) A manufacturer or owner who wants road vehicles to be approved by design type must submit the plans and specifications of the road vehicles to the Certifying Authority.

(b) The Certifying Authority that examines the plans and specifications submitted in accordance with paragraph (a) of this section shall:
