§ 18.3 Transshipment; transfer by bonded cartmen.

(a) When bonded merchandise in one conveyance is to be transshipped under Customs supervision to another single conveyance while en route to the port of destination or exportation, the in-bond document which accompanied the merchandise shall be presented to the port director at the place of transshipment for execution of a certificate of transfer thereon. The in-bond document shall be returned to the carrier to accompany the merchandise to the port of destination or exportation. Except as provided in paragraph (c) of this section, merchandise covered by a TIR carnet shall not be transshipped if the transshipment involves the unloading of the merchandise from a container or road vehicle.

(b) When bonded merchandise, other than merchandise covered by a TIR carnet, is to be transshipped to more than one conveyance, the carrier or any of the parties named in § 18.11(b) shall prepare for each such conveyance two additional copies of the Customs Form 7512 which accompanied the merchandise to the place of transshipment. The Customs Form 7512 which accompanied the shipment to the place of transshipment shall be presented to the port director there. The Customs officer supervising the transshipment shall execute a certificate of transfer on all copies of the Customs Form 7512. The original copies of the Customs Form 7512 shall be delivered to the con-

ductor, master, or person in charge of the first conveyance. Two additional copies of the Customs Form 7512 shall be delivered to the person in charge of each additional conveyance in which the merchandise is forwarded for delivery to the director of the port of destination or exportation.

(c) Merchandise covered by a TIR carnet may be transshipped in a case involving the unloading of the merchandise from a container or road vehicle only if the transshipment is necessitated by casualty en route. In the event of transshipment, a TIR approved container or road vehicle shall be used if available. If the transshipment takes place under Customs supervision, the Customs officer shall execute a certificate of transfer on the appropriate TIR carnet voucher.

(d) If it becomes necessary at any point in transit to remove the Customs seals from a conveyance or container containing bonded merchandise for the purpose of transferring its contents to another conveyance or container, or to gain access to the shipment because of casualty or for other good reason, and it cannot be done under Customs supervision because of the element of time involved or because there is no Customs officer stationed at such point, a responsible agent of the carrier may remove the seals, supervise the transfer or handling of the merchandise, seal the conveyance or container in which the shipment goes forward, and make appropriate notation of his action on the conductor's or master's copy of the manifest, or the outside back cover of the TIR carnet, including the date, serial numbers of the new seals applied, and the reason therefor. This authorization shall not apply in any case not involving a real emergency.

(e) All transfers to or from the conveyance or warehouse of merchandise undergoing transportation in bond shall be made under the provisions of part 125 of this chapter and at the expense of the parties in interest, unless the bond of the carrier on Customs Form 301, containing the bond conditions set forth in § 113.63 of this chapter

or a TIR carnet is liable for the safekeeping and delivery of the merchandise while it is being transferred.

§ 18.4 Sealing conveyances and compartments; labeling packages; warning cards.

(a)(1) Conveyances or compartments in which carload lots of bonded merchandise are transported shall be sealed with commercial shipper seals, Customs red in-bond seals, or other accepted seals. High-security Customs seals will be required on carload or containerized shipments where the Customs officer reviewing the in-bond entry determines it is required to adequately protect the revenue and prevent violations of Customs laws. The bonded carrier will provide Customs with the necessary seals. When the compartment or conveyance cannot be effectively sealed, as in the case of merchandise shipped in open cars or barges, or on the decks of vessels, or when it is known that any seals would necessarily be removed outside the jurisdiction of the United States for the purpose of discharging or taking on cargo, or when it is known that the breaking of the seals will be necessary to ventilate the hatches, or in other similar circumstances, such sealings may be waived with the consent of the carrier and an appropriate notation of such waiver shall be made on the manifest. The Commissioner of Customs may authorize the waiver of sealing of conveyances or compartments in which bonded merchandise is transported in other cases when in his opinion the sealing thereof is unnecessary to protect the revenue or to prevent violations of the Customs laws and regulations.

(2) The port director shall cause a Customs seal to be affixed to a container or road vehicle which is being used to transport merchandise under cover of a TIR carnet unless the container or road vehicle bears a customs seal (domestic or foreign). The port director shall likewise cause a Customs

seal or label to be affixed to heavy or bulky goods being so transported. If, however, he has reason to believe that there is a discrepancy between the merchandise listed on the Goods Manifest of the carnet and the merchandise which is to be transported, he shall cause a Customs seal or label to be affixed only when the listing of the merchandise in the carnet and a physical inventory agree.

(b) Ports at which the facilities are insufficient to maintain continuous customs supervision over vessels arriving with bonded cargo while the bonded merchandise is not under Customs seals shall permit the vessels to proceed to destination without further sealing and notation to this effect shall be made on the manifest.

(c)(1) Merchandise not under bond may be transported in sealed conveyances or compartments containing bonded goods when destined for the same place or places beyond, but not when intended for intermediate places.

(2) Merchandise moving under cover of a carnet may not be consolidated with other merchandise.

(d) The seals to be used in sealing conveyances, compartments, or packages must meet Customs standards provided in §24.13a of this chapter, and may be obtained in accordance with §24.13 of this chapter.

(e) Except as otherwise provided for in this paragraph, packages shipped in bond or by a carrier permitted to transport articles under the last sentence of section 553 of the tariff act, as amended, shall be corded and sealed or, in lieu thereof, the carrier shall furnish and attach to each such package a warning label on bright red paper, not less than 5 by 8 inches in size, containing the following legend in black or white lettering of a conspicuous size:

U.S. CUSTOMS

This package is under bond and must be delivered intact to the Customs officer in charge at the port of destination or to such other place as authorized by Customs.

WARNING. Two years' imprisonment, \$5,000 fine, or both, is the penalty for unlawful removal of this package or any of its contents.
