

§ 1.812-3

26 CFR Ch. I (4-1-02 Edition)

carryback; or it may file an application under the provisions of section 6411 for a tentative carryback adjustment.

(e) *Law applicable to computations.* The following rules shall apply to all taxable years beginning after December 31, 1957:

(1) In determining the amount of any operations loss carryback or carryover to any taxable year, the necessary computations involving any other taxable year shall be made under the law applicable to such other taxable year.

(2) The loss from operations for any taxable year shall be determined under the law applicable to that year without regard to the year to which it is to be carried and in which, in effect, it is to be deducted as part of the operations loss deduction.

(3) The amount of the operations loss deduction which shall be allowed for any taxable year shall be determined under the law applicable for that year.

(f) *Special rules.* For purposes of taxable years beginning after December 31, 1954, and before January 1, 1958:

(1) The amount of any:

- (i) Loss from operations;
- (ii) Operations loss carryback; and
- (iii) Operations loss carryover

shall be computed as if part I, subchapter L, chapter 1 of the Code (as in effect for 1958) and section 381(c)(22) applied to such taxable years.

(2) A loss from operations (determined in accordance with the provisions of section 812(b)(1)(C) and this paragraph) for such taxable years shall in no way affect the tax liability of any life insurance company for such taxable years. However, such loss may, to the extent allowed as an operations loss carryover under section 812, affect the tax liability of a life insurance company for a taxable year beginning after December 31, 1957. For example, for the taxable year 1956, X, a life insurance company, has a loss from operations (determined in accordance with the provisions of section 812(b)(1)(C) and this paragraph). Such loss shall in no way affect X's tax liability for the taxable years 1956 (the year of the loss), 1955 (a year to which such loss shall be carried back), or 1957 (a year to which such loss shall be carried forward). However, to the extent allowed

under section 812, any amount of the loss for 1956 remaining after such carryback and carryforward shall be taken into account in determining X's tax liability for taxable years beginning after December 31, 1957.

[T.D. 6535, 26 FR 536, Jan. 20, 1961]

§ 1.812-3 Computation of loss from operations.

(a) *Modification of deductions.* A loss from operations is sustained by a life insurance company in any taxable year, if and to the extent that, for such year, there is an excess of the sum of the deductions provided by section 809(d) over the sum of (1) the life insurance company's share of each and every item of investment yield (including tax-exempt interest, partially tax-exempt interest, and dividends received) as determined under section 809(b)(3), and (2) the sum of the items of gross amount taken into account under section 809(c). In determining the loss from operations for purposes of section 812:

(i) No deduction shall be allowed under section 812 for the operations loss deduction.

(ii) The 85 percent limitation on dividends received provided by section 246 (b) as modified by section 809(d)(8)(B) shall not apply to the deductions otherwise allowed under:

(a) Section 243(a) in respect to dividends received by corporations,

(b) Section 244 in respect of dividends received on certain preferred stock of public utilities, and

(c) Section 245 in respect of dividends received from certain foreign corporations.

(b) *Illustration of principles.* The application of paragraph (a) of this section may be illustrated by the following example:

Example. For the taxable year 1960, X, a life insurance company, has items taken into account under section 809(c) amounting to \$150,000, its share of the investment yield amounts to \$250,000, and total deductions allowed by section 809(d) of \$375,000, exclusive of any operations loss deduction and exclusive of any deduction for dividends received. In 1960, X received as its share of dividends entitled to the benefits of section 243(a) the amount of \$100,000. These dividends are included in X's share of the investment yield. X has no other deductions to which section

812(c) applies. On the basis of these facts, X has a loss from operations for the taxable year 1960 of \$60,000, computed as follows:

Deductions for 1960	\$375,000
Plus: Deduction for dividends received computed without regard to the limitation provided by sec. 246(b), as modified by sec. 809(d)(8)(B) (85% of \$100,000)	85,000
Total deductions as modified by sec. 812(c)	460,000
Less: Sum of sec. 809(c) items and X's share of investment yield (including \$100,000 of dividends)	400,000
Loss from operations for 1960	(60,000)

[T.D. 6535, 26 FR 536, Jan. 20, 1961]

§ 1.812-4 Operations loss carrybacks and operations loss carryovers.

(a) *In general*—(1) *Years to which loss may be carried.* In order to compute the operations loss deduction of a life insurance company the company must first determine the part of any losses from operations for any preceding or succeeding taxable years which are carryovers or carrybacks to the taxable year in issue. Except as otherwise provided by this paragraph, a loss from operations for taxable years beginning after December 31, 1954, shall be carried back to each of the 3 taxable years preceding the loss year and shall be carried forward to each of the 5 taxable years succeeding the loss year. Except as limited by section 812(e)(2) and paragraph (b) of § 1.812-6, if the life insurance company is a new company (as defined in section 812(e)(1)) for the loss year, the loss from operations shall be carried back to each of the 3 taxable years preceding the loss year and shall be carried forward to each of the 8 taxable years succeeding the loss year. In determining the span of years for which a loss from operations may be carried, taxable years in which a company does not qualify as a life insurance company (as defined in section 801(a)), or is not treated as a new company, shall be taken into account.

(2) *Special transitional rules.* (i) A loss from operations for any taxable year beginning before January 1, 1958, shall not be carried back to any taxable year beginning before January 1, 1955. Furthermore, a loss from operations for any taxable year beginning after December 31, 1957, shall not be carried back to any taxable year beginning before January 1, 1958.

(ii) If for any taxable year a life insurance company has made an election under section 810(e) (relating to certain decreases in reserves for voluntary employees' beneficiary associations) which is effective for such taxable year, the provisions of section 812(b)(1) and subparagraph (1) of this paragraph shall not apply with respect to any loss from operations for any taxable year beginning before January 1, 1958.

(3) *Illustration of principles.* The provisions of section 812(b)(1) and of this paragraph may be illustrated by the following examples:

Example 1. P, a life insurance company, organized in 1940, has a loss from operations of \$1,000 in 1958. This loss cannot be carried back, but shall be carried forward to each of the 5 taxable years following 1958.

Example 2. Q, a life insurance company, organized in 1940, has a loss from operations of \$1,200 in 1959. This loss shall be carried back to the taxable year 1958 and then shall be carried forward to each of the 5 taxable years following 1959.

Example 3. R, a life insurance company, organized in 1940, has a loss from operations of \$1,300 for the taxable year 1956. This loss shall first be carried back to the taxable year 1955 and then shall be carried forward to each of the 5 taxable years following 1956. The loss for 1956, carryback to 1955, and carryover to 1957 shall each be computed as if part I, subchapter L, chapter 1 of the Code (as in effect for 1958) applied to such taxable years.

Example 4. S, a life insurance company, organized in 1958 and meeting the provisions of section 812(e) (rules relating to new companies), has a loss from operations of \$1,400 for the taxable year 1958. This loss cannot be carried back, but shall be carried forward to each of the 8 taxable years following 1958, provided, however, S is not a nonqualified corporation at any time during the loss year (1958) or any taxable year thereafter.

Example 5. T, a life insurance company, organized in 1954 and meeting the provisions of section 812(e) (rules relating to new companies), has a loss from operations of \$1,500 for the taxable year 1956. This loss shall first be carried back to the taxable year 1955 and then carried forward to each of the 8 taxable years following 1956, provided, however, T is not a nonqualified corporation at any time during the loss year (1956) or any taxable year thereafter. The loss for 1956, carryback to 1955, and carryover to 1957 shall each be computed as if part I of subchapter L (as in effect for 1958) applied to such taxable years.
