the average lowest price for which A sold ground clay during the taxable year must be determined by taking into account the price adjustment of October 1. Under these circumstances, the average lowest price for the ground clay would be \$13.91, that is  $\$13.75 \times 273/365$  plus  $\$14.40 \times 92/365$ .

(d) *Effect on depletion rates and other items.* The election shall have no effect on the applicable rate of percentage depletion for the taxable years for which the election is effective. In applying the election to the years affected there shall be taken into account the effect that any adjustments resulting from the election shall have on other items affected thereby, such as charitable contributions, foreign tax credit, net operating loss, and the effect that adjustments to any such items shall have on other taxable years. The provisions of section 2 of the Act are applicable with respect to taxable years subject to the Internal Revenue Code of 1939 for purposes of applying sections 450 and 453 of that Code. The election shall have no effect on the determination of the treatment processes which are to be considered as mining or on the determination of gross income from mining for any taxable year beginning after December 31, 1960.

### § 1.9005-3 Statutes of limitation.

Notwithstanding any provision of law to the contrary, the period within which the assessment of any deficiency attributable to the election may be made, or within which the credit or refund of any overpayment attributable to the election may be made, shall not expire sooner than one year after the last day for making the election. Thus, if assessment of a deficiency or credit or refund of an overpayment, whichever is applicable, was not prevented on September 26, 1961, the time for making assessment or credit or refund shall not expire for at least one year after the last day for making the election. Even though assessment of a deficiency was prevented on September 26, 1961, if commencement of a suit for recovery of a refund under section 7405 of the Internal Revenue Code of 1954 may have been made on such date, then any

deficiency resulting from the election may be assessed at any time within one year after the last day for making the election. If a taxpayer makes the election, he shall be deemed to have consented to the application of the provisions of section 2 of the Act extending the time for assessing a deficiency attributable to the election. Section 2 of the Act does not shorten the period of limitations otherwise applicable. An agreement may be entered into under section 6501(c)(4) of the Internal Revenue Code of 1954 and corresponding provisions of prior law to extend the period for assessment.
