

## Food and Nutrition Service, USDA

## § 250.48

unobligated funds received under this section, and may reduce the amount it has apportioned or agreed to pay to the distributing agency if FNS determines that:

(A) The distributing agency is not administering the Food Distribution Program in accordance with its plan of operation approved by FNS and the provisions of this part;

(B) The amount of funds which the distributing agency requested from FNS is in excess of actual need, based on reports of expenditures and current projections of program needs; or

(C) Circumstances or conditions justify the return, reallocation or transfer of funds to accomplish the purposes of this part.

(ii) The distributing agency shall return to FNS within 90 days following the close of each Federal fiscal year any funds received under paragraph (e) of this section which are obligated at that time.

(7) *Financial reports.* The distributing agency shall submit quarterly and annual reports to FNS on Form SF-269 concerning the obligations, expenditure and status of funds received under this Section. In addition, the distributing agency receiving funds under paragraph (e) of this section shall submit any other reports in such form as may be required from time to time by the Department.

(f) *Records, reports and audits.* The distributing agency shall:

(1) Maintain and retain for three years from the close of the Federal fiscal year to which they pertain, complete and accurate records of all amounts received and disbursed under paragraph (e) of this section,

(2) Keep such accounts and records as may be necessary to enable FNS to determine whether there has been compliance with this section, and

(3) Permit representatives of the Department and of a General Accounting Office of the United States to inspect, audit and copy such records and accounts at any reasonable time.

### § 250.47 Food Distribution Program on Indian reservations.

(a) *Distribution.* Distributing agencies which operate a food distribution program on Indian reservations shall com-

ply with the provisions set forth in §§ 250.1, 250.2, 250.3, 250.10, 250.11, 250.12, 250.13 (with the exception of paragraph (d)(2)), § 250.14, §§ 250.15 and 250.17(d) to the extent that these provisions are not inconsistent with the regulations cited in paragraph (b) of this section.

(b) In addition to complying with the provisions identified in paragraph (a) of this section, distributing agencies shall also comply with the provisions set forth in part 253, Food Distribution Program on Indian Reservations or part 254, Food Distribution Program in Oklahoma, as applicable.

[53 FR 20426, June 3, 1988, as amended at 53 FR 27476, July 21, 1988]

### § 250.48 School food authorities and commodity schools.

(a) *Distribution.* (1) School food authorities which participate in the National School Lunch Program or as commodity schools under part 210 of this chapter or the School Breakfast Program under part 220 of this chapter are eligible to receive donated foods. The distributing agency shall distribute donated foods only to those school food authorities whose eligibility for participation in the program has been confirmed in writing by the State agency or FNSRO administering the applicable program. Lists of participating school food authorities which have been provided to the distributing agency by the administering State agency or FNSRO may serve as written confirmation of eligibility. School food authorities may employ food service management companies to conduct food service operations in accordance with § 250.12(d) and parts 210 and 220 of this chapter.

(2) School food authorities which do not participate in the National School Lunch Program or as commodity schools under part 210 of this chapter or in the School Breakfast Program under part 220 of this chapter may receive such commodities as the Secretary may designate, provided the schools are public schools or private schools determined by the Internal Revenue Service to be exempt from income tax under section 501(c)(3) of the Internal Revenue Code of 1954 or, in the Commonwealth of Puerto Rico, certified as nonprofit by the Governor;

and operate a nonprofit school food service. Such schools shall be eligible to receive only those commodities acquired under section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431) to the extent that such commodities become available and the Secretary has determined that surpluses of such commodities exist and surplus quantities are sufficient to distribute to nonprogram schools.

(b) *Quantities and Value of Donated Foods*—(1) *Quantities*. Distribution of donated food to a State for school food authorities shall be calculated by multiplying the number of lunches served in the preceding school year which meet the mealpattern requirements (reimbursable) prescribed in the regulations for the National School Lunch Program under part 210 of this chapter, by the national average value of donated food as described in paragraph (b)(2) of this section. The number of reimbursable lunches served shall be derived from the monthly claims submitted by school food authorities and States as required by regulations for the National School Lunch Program at §210.8 of this chapter. After the end of each school year, FNS shall reconcile the number of reimbursable lunches served by schools in each State with the number served in the preceding school year and, based on such reconciliation, shall increase or reduce subsequent commodity assistance provided to each State. As early as practicable each school year, but not later than September 1, the estimated number of lunches served in the preceding school year and requests for adjustments shall be provided by the administering State agency or the FNSRO to the distributing agency. At the discretion of FNS, current year adjustments may be made for significant variations in the number of reimbursable lunches served. Such current year adjustments will not be routine and will only be made for unusual problems encountered in a State, such as a teachers' strike or a disaster that necessitates school closures for a prolonged period of time.

(2) *Value*. (i) For each school year, the national average value of donated foods to be made available to States for distribution to school food authorities

participating in the National School Lunch Program (7 CFR part 210), or where applicable, cash payments in lieu thereof, shall not be less than 11 cents for each lunch and shall be adjusted on July 1, 1982, and on each July 1 thereafter, to reflect changes in the Price Index for food used in schools and institutions as prescribed by section 6(e) of the National School Lunch Act, as amended. These adjustments shall be computed to the nearest one-fourth cent and shall be made effective as of the beginning of each school year. Not less than 75 percent of the food distribution assistance shall be in the form of donated foods.

(ii) For each school year, the national average value of donated foods to be provided to States for distribution to commodity schools shall not be less than the amount specified in paragraph (b)(2)(i) of this section, plus an amount equal to the national average payment established under section 4 of the National School Lunch Act, as amended, for each lunch served by such schools: *Provided, however:* That this amount shall be reduced to the extent that FNS provides up to 5 cents per lunch of this value in cash in lieu of donated foods for donated food processing and handling expenses on behalf of such school food authorities in accordance with part 240 of this chapter.

(c) *Offering the per-meal value of donated foods*—(1) *Commodity offer value*. Distributing agencies shall offer each school food authority no less than the national average per-meal value of donated foods established by the Department on July 1 of each year, in accordance with paragraph (b)(2) of this section. This value shall be referred to as the commodity offer value. The total value of donated foods which must be offered to school food authorities shall be calculated by multiplying the per-meal value of donated foods times the number of reimbursable meals served by the school food authority during the preceding school year; or by another method which the distributing agency prefers and can justify as providing each school food authority an equitable share of donated food. Distributing agencies shall communicate to school food authorities and FNS regional offices the methods used to establish the

commodity offer value. Distributing agencies shall document commodity offerings and refusals in order to verify that the per-meal value of commodities was offered to all school food authorities.

(2) *Commodity variety offered.* Distributing agencies shall offer and efficiently deliver to each school food authority the full range of all commodities equitably and consistently to the extent that quantities requested or made available are sufficient to make a statewide distribution. At least annually, distributing agencies shall develop and disseminate to school food authorities a procedure for the allocation of commodities when the amount received from the Department is not sufficient to make a statewide distribution to all school food authorities.

(3) *Bonus commodities.* Bonus commodities (i.e., commodities provided in addition to a State's authorized level of assistance) offered shall be distinguished from entitlement commodities (i.e., commodities provided as part of an authorized level of assistance) and shall not be included as a part of the per-meal value of donated foods which must be offered to school food authorities.

(d) *Cash in lieu of donated foods for schools.* Where a State has phased out its food distribution facilities prior to July 1, 1974, such State may, in accordance with part 240 of this chapter, elect to receive cash payments in lieu of donated foods for use in school lunch programs which participate in the National School Lunch Program under part 210 of this chapter.

(e) *Types of donated foods authorized for donation.* School food authorities which participate in the National School Lunch Program or as commodity schools under part 210 of this chapter are eligible to receive donated foods under section 416, section 32, section 709, section 6 and section 14. School food authorities which participate in the School Breakfast Program under part 220 are eligible to receive donated foods under section 416, section 32, section 709 and section 14.

(f) *Refusal of donated foods by school food authorities.* (1) Any school food authority participating in food service programs under the National School

Lunch Act, as amended, may refuse, at the time they are offered, donated foods and other foods offered for delivery for lunches in any school year if such foods cannot be used effectively. The school food authority may receive, in lieu of the refused donated foods, other donated foods to the extent that they are available during the school year: *Provided, however:* That not more than 20 percent of the value of the donated foods offered to a school food authority for lunches during the school year shall be subject to replacement with other available donated foods unless replacement based on the refusal of more than 20 percent of such value is feasible and practical. Prior to making distribution to school food authorities, distributing agencies shall notify each school food authority of its right to refuse delivery and to receive other donated foods, if available, in lieu of those refused. Notification of donated food refusal rights shall be provided by means of a letter or by an addendum to the agreement required by §250.12(b) to each school food authority prior to the beginning of each school year.

(2) If the distributing agency demonstrates on the basis of existing records that it is maintaining an effective offer-and-acceptance system as defined in §250.3, there can be no refusal of donated foods as provided in paragraph (e)(1) of this section.

(g) *Use of donated foods in home economics courses.* School food authorities receiving donated foods under this part may use such foods for the purpose of training students in home economics, including college students if the same facilities and instructors are used for training both high school and college students in home economics courses. Home economics includes classes in general home economics, food purchases, nutrition, food preparation, cooking, child care and health.

[53 FR 20426, June 3, 1988, as amended at 53 FR 26219, July 12, 1988; 53 FR 27476, July 21, 1988; 58 FR 39122, July 22, 1993; 62 FR 53729, Oct. 16, 1997]

**§ 250.49 Nonresidential child and adult care institutions.**

(a) *Distribution.* The distributing agency shall distribute donated foods only to those nonresidential child care
