

§ 250.50

7 CFR Ch. II (1-1-02 Edition)

institutions whose eligibility for participation in Child Care Food Program has been confirmed in writing by the State agency of FNSRO administering the program, where applicable. Lists of participating nonresidential child care institutions which have been prepared by the administering State agency or FNSRO may serve as written confirmation of eligibility. Nonresidential child care institutions may employ food service management companies to conduct food service operations in accordance with § 250.12(d) and part 226 of this chapter.

(b) *Quantities and value of donated foods*—(1) *Quantities*. Distribution of donated food to a State for nonresidential child and adult care institutions shall be calculated by multiplying the number of lunches and suppers served in the preceding school year which meet the meal-pattern requirements (reimbursable) prescribed in the regulations for the Child and Adult Care Food Program under part 226 of this chapter by the national average value of donated food as described in paragraph (b)(2) of this section. The number of lunches and suppers served shall be derived from the monthly claims submitted by participating institutions as required by Child and Adult Care Food Program regulations at § 226.11(b) of this chapter. After the end of the school year, FNS shall reconcile the number of reimbursable meals served in each State with the number served in the preceding school year and, based on such reconciliation, shall increase or reduce subsequent commodity assistance provided to each State. As early as practicable each year, but not later than September 1, the estimated number of lunches and suppers served in the preceding school year and requests for adjustments shall be provided by the administering State agency or the FNSRO to the distributing agency. At the discretion of FNS, current year adjustments may be made for significant variations in the number of meals served. Such current year adjustments will not be routine and will only be made for unusual problems encountered in a State, such as a disaster that necessitates institutional closures for a prolonged period of time.

(2) *Value*. For each school year, the national average value of donated foods to be made available to States for distribution to nonresidential child care institutions, or cash payments in lieu thereof, shall not be less than 11 cents for each lunch and supper and shall be adjusted on July 1, 1982, and on each July 1 thereafter, to reflect changes in the Price Index for food used in schools and institutions as prescribed by section 6(e) of the National School Lunch Act, as amended. These adjustments shall be computed to the nearest one-fourth cent and shall be made effective at the beginning of each school year.

(c) *Cash in lieu of donated foods*. In accordance with part 240 of this chapter, State agencies may elect to receive cash payments in lieu of donated foods for use by institutions which participate in the Child Care Food Program under part 226 of this chapter.

(d) *Types of donated foods authorized for donations*. Nonresidential child care institutions which participate in the Child Care Food Program under part 226 of this chapter are eligible to receive donated foods under section 416, section 32, section 709, section 6 and section 14.

(a) *Distribution.* At the request of the State agency responsible for administering the Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program) under part 246 of this chapter and with approval of the Department, donated foods may be made available for distribution to program participants. In instances when donated foods are made available, State agencies shall pay the Department using funds allocated to the State for the WIC Program for those donated foods which are provided to participants as part of the food package. Donated foods which are provided to participants in addition to the quantities authorized for the food package will be made available to the State agency free of charge.

(b) *Quantities and value of donated foods.* Distribution of donated foods to State agencies for the WIC Program shall be made on the basis of each State agency's quarterly estimate of need.
