bearing the name of the person to whom the permit is issued.

(Approved by the Office of Management and Budget under control number 0579–0072)

[50 FR 24172, June 10, 1985, as amended at 59 FR 67133, Dec. 29, 1994; 66 FR 21057, Apr. 27, 2001]

§319.76-1 Definitions.

Terms used in the singular form in this subpart shall be construed as the plural, and vice versa, as the case may demand. The following terms, when used in this subpart, shall be construed respectively, to mean:

Bee. Any member of the superfamily Apoidea.

Deputy Administrator. The Deputy Administrator of the Animal and Plant Health Inspector Service for Plant Protection and Quarantine, U.S. Department of Agriculture, or any other officer or employee of the Department to whom authority to act in his or her stead has been or may hereafter be delegated.

Exotic bee diseases. Bee diseases of foreign origin, including but not limited to Aspergillus spp., Bacillus spp., Entomophthora spp., Beauveria spp., Cordyceps spp., and Saccharomyces spp.

Exotic bee parasites. Bee parasites of foreign origin, including but not limited to Coelioxys spp. and Chrysis spp., Varroa jacobsoni, Euvarroa sinhai, Tropilaelaps clareae, and Acarapis woodi.

Import (importation, imported). To import or move into the United States.

Inspector. Any employee of Plant Protection and Quarantine, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, or other person authorized by the Deputy Administrator in accordance with law to enforce the provisions of this subpart.

Person. Any individual, corporation, company, society, association, or any other organized group.

Plant pest. The egg, pupal, and larval stages as well as any other living stage of any insects, mites, nematodes, slugs, snails, protozoa, or other invertebrate animals, bacteria, fungi, or other parasitic plants or reproductive parts thereof, viruses, or any organisms similar to or allied with any of the foregoing, or any infectious substances, which can directly or indirectly injure or cause disease or damage in any

plants or parts thereof, or any processed, manufactured, or other products of plants.

Plant Protection and Quarantine. The organizational unit within the Animal and Plant Health Inspection Service, U.S. Department of Agriculture, delegated responsibility for enforcing provisions of the Plant Protection Act and regulations.

Secretary. The Secretary of Agriculture, or any other officer or employee of the Department of Agriculture to whom authority to act in his or her stead has been or may hereafter be delegated.

United States. The States, District of Columbia, American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands of the United States.

[50 FR 24172, June 10, 1985, as amended at 66 FR 21057, Apr. 27, 2001]

§319.76-2 Restricted articles.

The following articles from any country or locality other than Canada are restricted articles:

- (a) Live bees, other than honeybees of the genus *Apis*, in any life stage;¹
- (b) Dead bees of any genus;
- (c) Used bee boards, hives, nests, and nesting material;
- (d) Used beekeeping equipment, e.g. smokers, hive tools, gloves or other clothing, and shipping containers;
- (e) Beeswax, unless it has been liquefied;
- (f) Pollen for bee feed; and
- (g) Honey for bee feed.

[50 FR 24172, June 10, 1985, as amended at 60 FR 6000, Feb. 1, 1995]

§319.76-3 Permits.

- (a) A restricted article may be imported only after issuance of a written permit by Plant Protection and Quarantine.
- (b) An application for a written permit must be submitted to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Biological Assessments and Taxonomic

¹Regulations regarding the importation of live honeybees of the genus *Apis* are set forth in 7 CFR part 322.

§319.76-4

Support, 4700 River Road Unit 133, Riverdale, Maryland 20737–1236, and should be submitted at least 30 days prior to arrival of the article at the U.S. port of entry. The completed application does not have to be on any particular form but must indicate that it is an application for a written permit, and include the following information:

- (1) Name, address, and telephone number of the importer;
- (2) Approximate quantity and kinds of articles intended to be imported;
 - (3) Country or locality of origin:
- (4) Intended United States port of entry;
 - (5) Means of transportation; and
 - (6) Expected date of arrival.
- (c) A permit indicating the applicable conditions for importation under this subpart will be issued by Plant Protection and Quarantine Programs if, after review of the application, the articles are deemed eligible to be imported into the United States under the conditions specified in the permit. However, even if such a permit is issued, the regulated article may be imported only if all applicable requirements of this subpart are met and only if an inspector at the port of entry determines that no remedial measures pursuant to section 414 of the Plant Protection Act (7 U.S.C. 7714) are necessary with respect to the regulated article.2
- (d) Any permit which has been issued may be withdrawn by an inspector or the Deputy Administrator if he or she determines that the permit holder has not complied with any condition for the use of the permit. The reasons for the withdrawal shall be confirmed in writing as promptly as circumstances allow. Any person whose permit has been withdrawn may appeal the decision in writing to the Deputy Administrator within 20 days after receiving the written notification of the withdrawal. The appeal must state all of the facts and reasons upon which the person relies to show that the permit was wrongfully withdrawn. The Deputy Administrator shall grant or deny the

appeal in writing, stating the reasons for the decision, as promptly as circumstances allow. If there is a conflict as to any material fact, a hearing shall be held to resolve the conflict.

[50 FR 24172, June 10, 1985, as amended at 59 FR 67610, Dec. 30, 1994; 66 FR 21057, Apr. 27, 2001]

§ 319.76-4 Inspections and treatments.

- (a) Live bees, other than honeybees of the genus Apis, in any life stage shall be microscopically inspected by an inspector for exotic bee diseases and parasites, and any bee disease or parasite found will be physically removed by an inspector or destroyed by an inspector by treatment with a pesticide registered by the Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended (7 U.S.C. 135 et seq.), for use on bees and used in accordance with directions on the label in connection with the registration under the provisions of the Federal Insecticide. Fungicide, and Rodenticide Act, as amended. The inspection may include dissection of a statistically designed representative sample of the bees, if deemed necessary by the inspector for determinations concerning the absence or presence of bee diseases or parasites. If the inspector determines that a disease or parasite cannot be removed or otherwise destroyed, the bees shall be killed by immersion in a solution containing at least 70% alcohol.
- (b) Any dead bees for research at the time of importation must be in a solution containing at least 70% alcohol, or must be in a dry, sealed container. If in a dry, sealed container, the dead bees shall be kept in the container under the control of an inspector at the port of entry for 7 days.
- (c) Any restricted article not covered by paragraph (a) or (b) of this section, prior to movement into the United States from the port of entry, shall be treated under the supervision of an inspector as follows:
- (1) Dead bees; used bee boards, hives, nests, or nesting material; used beekeeping equipment; and pollen for bee feed shall be treated in an airtight chamber with 450 mg of ethylene oxide

²An inspector may hold, seize, quarantine, treat, apply other remedial measures to, destory, or otherwise dispose of plants, plant pests, or other articles in accordance with sections 414, 421, and 434 of the Plant Protection Act (7 U.S.C. 7714, 7731, and 7754).
