#### § 752.1 Program objective.

(a) The regulations in this part set forth the terms and conditions for the Water Bank Program. The Secretary is authorized to enter into agreements and make payments to eligible persons in important migratory waterfowl nesting and breeding areas. Specified wetlands identified for the conservation of water or related uses on a conservation plan shall be developed in cooperation with the Soil and Water Conservation District in which the lands are located.

(b) The objective of the Water Bank Program (hereinafter referred to in this part as the "program") is to preserve, restore, and improve the wetlands of the Nation, and thereby: (1) Conserve surface waters, (2) preserve and improve habitat for migratory waterfowl and other wildlife resources, (3) reduce runoff, soil and wind erosion, (4) contribute to flood control, (5) contribute to improved water quality and reduce stream sedimentation, (6) contribute to improved subsurface moisture, (7) reduce acres of new land coming into production and to retire lands now in agricultural production, (8) enhance the natural beauty of the landscape, and (9) promote comprehensive and total water management planning.

#### § 752.2 Definitions.

(a) *Adjacent land* means land on a farm which adjoins designated types 1 through 7 wetlands and is considered essential for the protection of the wetland or for the nesting, breeding, or feeding of migratory waterfowl. Adjacent land need not be contiguous to the land designated as wetland, but cannot be located more than one quarter of a mile away. Types 1 and 2 wetlands may be designated as adjacent land rather than wetland if located not more than one quarter mile from types 3 through 7 wetlands.

(b) *Administrator* means the Administrator or Acting Administrator of the

The conservation plan is the basis for the agreement. It includes a schedule of conservation treatment and management required to improve, protect, or restore the wetland and to maintain the wetland and adjacent land as a functional wetland unit for the life of the agreement. Conservation treatment and management of the vegetation for wetland protection, wildlife habitat, or other authorized objectives are consistent with the program objectives and priorities.

(e) *Wetlands* means the inland fresh areas described as types 1 through 7 in Circular 39, Wetlands of the United States, as published by the United States Department of the Interior.

(f) In the regulations in this part and in all instructions, forms, and documents in connection therewith, all other words and phrases specifically relating to FSA operation shall, unless the context of subject matter otherwise requires, have the meanings assigned to them in the regulations governing reconstitution of farms, allotments and bases, part 719 of this chapter, as amended.

(a) The program will be administered under the general supervision of the Administrator, in consultation with the Secretary of the Interior or his designee, and shall be carried out in the field by FSA State and county committees.

(b) Members of county committees are authorized to approve water bank agreements on behalf of the Secretary of Agriculture.

(c) State and county committees do not have authority to modify or waive any of the provisions of these regulations, or any amendment, supplement, or revision thereto. They do not have authority to modify or waive any of the provisions of any agreement en-
