[30 FR 8669, July 9, 1965, as amended by Amdt. 2, 30 FR 14099, Nov. 9, 1965]

§ 755.6 Cost-share contract.

(a) *Filing requests.* (1) Landowners, operators, or occupiers in eligible counties shall be furnished information with respect to the program and afforded an opportunity to request a cost-share contract covering those practices which would accomplish the objectives of the program on the farm.

(2) The request shall be on a form and in accordance with instructions prescribed by the Administrator.

(b) *Entering into a contract.* (1) The county committee is authorized to approve the contract on behalf of the Secretary.

(2) The contract must be signed by the owner of the land on which cost-share payments are provided under the contract and by the operator of the farm. The contract shall also be signed by any occupiers who will share in payments in one or more years of the contract period.

(3) There shall be only one contract for a farm.

(4) The final date for signing the contract shall be the date announced by the Administrator.

(c) *Contract period.* (1) The period to be covered by a contract shall be not less than 3 years or longer than 10 years as agreed to by the contract signers and the county committee.

(2) The first year of the contract period shall begin on the date of the approval of the contract and shall end on December 31 of such year. Each subsequent year of the contract period shall be on a calendar year basis.

§ 755.7 Cost-share payments.

(a) Subject to the conditions and limitations in this subpart, cost-sharing may be authorized for practices needed during the period of the contract to

conserve and develop soil, water, woodland, wildlife, and recreation resources. Payment of the cost-shares shall be made only upon application submitted on a form prescribed by the Administrator. Practices required to be established under the contract which are started after a request for a contract is filed shall be considered as started during the contract period.

(b) Cost-share rates shall not exceed 80 per centum of the average cost of carrying out the land treatment measures or such lower rate as the county committee determines will accomplish the objectives of the program. As a further limitation, cost-sharing may not be authorized in excess of a total amount computed by multiplying the number of acres designated under contract times \$50, unless a representative of the State committee approves an amount in excess of this limitation on the basis that the income potential and benefits derived from expenditures of the additional money warrant the higher limit.

(c) Cost-sharing shall not be approved for more than 50 acres per farm.

(d) The total acreage with respect to which any landowner, operator, or occupier receives cost-sharing payments shall not exceed 50 acres under all contracts in which he has an interest.

(e) Cost-sharing for the practices or components thereof contained in the approved State program is conditioned upon the establishment, maintenance, and performance of the practices in accordance with all applicable specifications and program provisions. The county committee shall specify on the practice approval the date by which the practice must be completed. Subject to the availability of funds, cost-sharing may be authorized for the restoration or replacement of any needed conservation measure if during the contract period the original conservation use is destroyed or rendered unsuitable through no fault of the contract signers.

(f) In addition to the provisions contained in this subpart, cost-sharing payments shall also be subject to the following regulations of the Agricultural Conservation Program (7 CFR 701.1-701.93, as amended):
