KINDS OF OFFICIAL SERVICES

§ 800.75 Kinds of official inspection and weighing services.

(a) *General.* Paragraphs (b) through (m) of this section describe the kinds of official service available. Each kind of service has several levels. §§ 800.115, 800.116, 800.117, and 800.118 explain Original Services, §§ 800.125, 800.126, 800.127, 800.128, and 800.129 explain Reinspection Services and Review of Weighing Services, and §§ 800.135, 800.136, 800.137, 800.138, and 800.139 explain Appeal Inspection Services. The results of each official service listed in paragraphs (b) through (j) will be certified according to § 800.160.

(b) *Official sample-lot inspection service.* This service consists of official personnel (1) sampling an identified lot of grain and (2) analyzing the grain sample for grade, official factors, or official criteria, or any combination thereof, according to the regulations, Official U.S. Standards for Grain, instructions, and the request for inspection.

(c) *Warehouseman's sample-lot inspection service.* This service consists of (1) a licensed warehouseman sampler (i) sampling an identified lot of grain using an approved diverter-type mechanical sampler and (ii) sending the sample to official personnel and (2) official personnel analyzing the grain sample for grade, official factors, official criteria, or any combination thereof, according to the regulations, Official U.S. Standards for Grain, instructions, and the request for inspection.

(d) *Submitted sample inspection service.* This service consists of an applicant or an applicant's agent submitting a grain sample to official personnel, and official personnel analyzing the grain sample for grade, official factors, official criteria, or any combination thereof, according to the regulations, Official U.S. Standards for Grain, instructions, and the request for inspection.

(e) *Official sampling service.* This service consists of official personnel (1) sampling an identified lot of grain and (2) forwarding a representative portion(s) of the sample along with a copy of the certificate, as requested by the applicant.

(f) *Official stowage examination service.* (1) This service consists of official personnel visually determining if an identified carrier or container is clean; dry; free of infestation, rodents, toxic substances, and foreign odor; and is suitable to store or carry grain.

(2) A stowage examination may be obtained as a separate service or with one or more other services. Approval of the stowage space is required for official sample-lot inspection services on all export lots of grain and all official sample-lot inspection services performed on outbound domestic lots of grain which are sampled and inspected at the time of loading. Also, approval of the stowage space is required for any weighing services performed on all outbound land carriers.

(g) *Class X weighing service.* This service consists of official personnel (1) completely supervising the loading or unloading of an identified lot of grain and (2) physically weighing or completely supervising approved weighers weighing the grain.

(h) *Class Y weighing service.* This service consists of (1) approved weighers physically weighing the grain and (2) official personnel partially or completely supervising the loading or unloading of an identified lot of grain.

(i) *Checkweighing service (sacked grain).* This service consists of official personnel or approved weighers under the supervision of official personnel (1) physically weighing a selected number of sacks from a grain lot and (2) determining the estimated total gross, tare, and new weights, or the estimated average gross or net weight per filled sack according to the regulations, instructions, and request by the applicant.

(j) *Checkloading service.* This service consists of official personnel (1) performing a stowage examination; (2) computing the number of filled grain containers loaded aboard a carrier; and (3) if practicable, sealing the carrier for security.

(k) *Test weight reverification service.* This service consists of official personnel (1) comparing the weight of elevator test weights with known weights; (2) correcting the elevator test weights, when necessary; and (3) issuing a Report of Test.

(1) *Railroad track scale testing service.* This service consists of official personnel (1) testing railroad track scales with Service-controlled test cars and (2) issuing a Report of Test.

(m) *Hopper and truck scale testing service.* This service consists of official personnel (1) testing hopper and truck scales and (2) issuing a Report of Test.

(The information collection requirements contained in this section were approved by the Office of Management and Budget under control number 0580-0011)

§ 800.76 Prohibited services; restricted services.

(a) *Prohibited services.* No agency shall perform any inspection function or provide any inspection service on the basis of unofficial standards, procedures, factors, or criteria if the agency is designated or authorized to perform the service or provide the service on an official basis under the Act. No agency shall perform official and unofficial weighing on the same mode of conveyance at the same facility.

(b) *Restricted services.* (1) *Not standardized grain.* When an inspection or weighing service is requested on a sample or a lot of grain which does not meet the requirements for grain as set forth in the Official U.S. Standards for Grain, a certificate showing the words "Not Standardized Grain" shall be issued according to the instructions.

(2) *Grain screening.* The inspection or weighing of grain screenings may be obtained from an agency or field office according to the instructions.

INSPECTION METHODS AND PROCEDURES

§ 800.80 Methods and order of performing official inspection services.

(a) *Methods.* (1) *General.* All official inspection services shall be performed in accordance with methods and proce-

dures prescribed in the regulations and the instructions.

(2) *Lot inspection services.* A lot inspection service shall be based on a representative sampling and examination of the grain in the entire lot, except as provided in § 800.85, and an accurate analysis of the grain in the sample.

(3) *Stowage examination service.* A stowage examination service shall be based on a thorough and accurate examination of the carrier or container into which grain will be loaded.

(4) *Submitted sample inspection service.* A submitted sample inspection service shall be based on a submitted sample of sufficient size to enable official personnel to perform a complete analysis for grade. If a complete analysis for grade cannot be performed because of an inadequate sample size or other conditions, the request for service shall be dismissed or a factor only inspection may be performed upon request.

(5) *Reinspection and appeal inspection service.* A reinspection, appeal inspection, or Board appeal inspection service shall be based on an independent review of official grade information, official factor information, or other information consistent with the scope of the original inspection.

(b) *Order of service.* Official inspection services shall be performed, to the extent practicable, in the order in which they are received. Priority shall be given to inspections required for export grain. Priority may be given to other kinds of inspection services under the Act with the specific approval of the Service.

(c) *Recording receipt of documents.* Each document submitted by or on behalf of an applicant for inspection services shall be promptly stamped or similarly marked by official personnel to show the date of receipt.

(d) *Conflicts of interest.* No official personnel shall perform or participate in performing an official inspection service on grain or on a carrier or container in which they have a direct or indirect financial interest.
