

However, if the securities are received and retired, the department will undertake to notify persons who appear to be entitled to any available information concerning the source from which the securities were received.

(b) *Overdue securities.* Reports that bearer securities, or registered securities so assigned as to become in effect payable to bearer, were lost, stolen, or possibly destroyed after they became overdue as defined in §306.25 will be accepted by the Bureau for the purpose of suspending redemption of the securities if the claimant establishes his interest. If the securities are presented, their redemption will be suspended and the presenter and the claimant will each be given an opportunity to establish ownership.

Subpart N—Relief for Loss, Theft, Destruction, Mutilation, or Defacement of Securities

§306.110 Statutory authority and requirements.

Relief is authorized, under certain conditions, for the loss, theft, destruction, mutilation or defacement of U.S. securities, whether before, at, or after maturity. A bond of indemnity, in such form and with such surety, sureties or security as may be required to protect the interests of the United States, is required as a condition of relief on account of any bearer security or any registered security assigned in blank or so assigned as to become in effect payable to bearer, and is ordinarily required in the case of unassigned registered securities.

§306.111 Procedure for applying for relief.

Prompt report of the loss, theft, destruction, mutilation or defacement of a security should be made to the Bureau. The report should include:

(a) The name and present address of the owner and his address at the time the security was issued, and, if the report is made by some other person, the capacity in which he represents the owner.

(b) The identity of the security by title of loan, issue date, interest rate, serial number and denomination, and in the case of a registered security, the

exact form of inscription and a full description of any assignment, endorsement or other writing.

(c) A full statement of the circumstances.

All available portions of a mutilated, defaced or partially destroyed security must also be submitted.

§ 306.112 Type of relief granted.

(a) *Prior to call or maturity.* After a claim on account of the loss, theft, destruction, mutilation, or defacement of a security which has not matured or been called has been satisfactorily established and the conditions for granting relief have been met, a security of like description will be issued to replace the original security.

(b) *At or after call or maturity.* Payment will be made on account of the loss, theft, destruction, mutilation, or defacement of a called or matured security after the claim has been satisfactorily established and the conditions for granting relief have been met.

(c) *Interest coupons.* Where relief has been authorized on account of a destroyed, mutilated or defaced coupon security which has not matured or been called, the replacement security will have attached all unmatured interest coupons if it is established to the satisfaction of the Secretary of the Treasury that the coupons were attached to the original security at the time of its destruction, mutilation or defacement. In every other case only those unmatured interest coupons for which the Department has received payment will be attached. The price of the coupons will be their value as determined by the Department at the time relief is authorized using interest rate factors based on then current market yields on Treasury securities of comparable maturities.

§306.113 Cases not requiring bonds of indemnity.

A bond of indemnity will not be required as a condition of relief for the loss, theft, destruction, mutilation, or defacement of registered securities in any of the following classes of cases unless the Secretary of the Treasury deems it essential in the public interest:
