

§ 634.17

32 CFR Ch. V (7-1-02 Edition)

(d) Aside from any other provisions of this regulation, the installation commander or designee may grant restricted driving privileges or probation on a case-by-case basis to accommodate any of the following reasons, provided the person's State driver's license remains valid:

(1) Mission requirements.

(2) Unusual personal or family hardships.

(3) Delays exceeding 90 days, not attributed to the person concerned, in the formal disposition of an apprehension or charges that are the basis for any type of suspension or revocation.

(4) When there is no reasonably available alternate means of transportation to officially assigned duties. (In this instance, a limited exception can be granted for the sole purpose of driving directly to and from the place of duty.)

(e) The limitations on a restricted driving privilege (for example, an authorization to drive to and from place of employment or duty, selected installation facilities such as hospital and commissary, or other facilities) will be specified in writing and provided to the individual concerned. Persons found to be in violation of the restricted privilege are subject to revocation action as prescribed in § 634.10(b). For good cause, the appropriate authority may withdraw the restricted driving privilege and continue the suspension or revocation period (for example, driver at fault in a traffic accident, or driver cited for a moving traffic violation).

(f) The conditions and terms of probation will be specified in writing and provided to the individual concerned. The original suspension or revocation term in its entirety may be activated to commence from the date of the violation of probation. In addition, separate action may be initiated based on the commission of any traffic, criminal, or military offense that constitutes a probation violation.

(g) DOD employees of the Services or DLA, who can demonstrate that suspension or revocation of installation driving privileges would constructively remove them from employment, may be given a limited suspension/revocation that restricts driving on the installation or activity (or in the overseas command) to the most direct

route to and from their respective work sites (5 U.S.C. 2303 (b)(10)). This is not to be construed as limiting the commander from suspension or revocation of on-duty driving privileges or seizure of OF 346, even if this action would constructively remove a person from employment, in those instances in which the person's duty requires driving from place to place on the installation.

§ 634.17 Extensions of suspensions and revocations.

(a) Driving in violation of a suspension or revocation imposed under this regulation will result in the original period of suspension or revocation being increased by 2 years. In addition, administrative action may also be initiated based on the commission of any traffic, criminal, or military offense (for example, active duty military personnel driving on the installation in violation of an order not to do so).

(b) For each subsequent determination within a 5-year period that revocation is authorized under § 634.10(b), military personnel, DOD civilians, and NAF employees will be prohibited from obtaining or using an OF 346 for 6 months for each such incident. A determination whether DOD civilian personnel should be prohibited from obtaining or using an OF 346 will be made under FPM 930, and other laws and regulations applicable to civilian personnel. This does not preclude a commander from imposing such prohibition for a first offense, or for a longer period of time for a first or subsequent offense, or for such other reasons as may be authorized.

(c) Commanders may extend a suspension or revocation of the installation driving privileges of military personnel until completion of an approved remedial driver training course or alcohol or drug counseling program.

(d) Commanders may extend a suspension or revocation of the installation driving privileges of civilian personnel convicted of intoxicated driving on the installation until successful completion of a State or installation approved alcohol or drug rehabilitation program.
