

§ 634.20

with conditions in § 634.20 will be detected through traffic enforcement actions. Failure of an owner to comply with these conditions may result in administrative suspension or revocation of his or her installation driving privileges (§ 634.10).

(2) Installation commanders are authorized to use the Vehicle Registration System (VRS) of the Military Police Management Information System (MPMIS). VRS is a Standard Army Management Information System (STAMIS). For installations using VRS, the maximum number of monthly computer runs will not exceed 15 in peacetime and 4 in wartime.

(3) When fielded, VRS-2, a redesigned system, will be employed by all installations using an automated vehicle registration program.

§ 634.20 Registration requirements.

Systems for registration of POVs on military installations within the United States or its territories and in overseas areas will include the requirements specified below (Registration in overseas commands may be modified in accordance with international agreements or military necessity.)

(a) Possession of a valid State, overseas command, host nation, or international driver's license (as applicable), supported by DD Form 2 (U.S. Armed Forces Retired Identification Card), or other appropriate identification for DOD civilians.

(b) Possession of a certificate of State registration as required by the state in which the vehicle is registered.

(c) Continuing compliance with the minimum requirements of the automobile insurance laws or regulations of the State or host nation. In overseas commands where host nation laws do not require minimum personal injury and property damage liability insurance, the major overseas commander may set reasonable liability insurance requirements for registration and operation of POVs within the confines of military installations and areas. Prior to implementation, insurance requirements in host nations should be formally coordinated with the appropriate host nation agency.

(d) Satisfactory completion of safety and mechanical vehicle inspection by

32 CFR Ch. V (7-1-02 Edition)

State or jurisdiction in which the vehicle is licensed or located. If neither State nor local jurisdiction requires a periodic safety inspection, installation commanders may require and conduct an annual POV safety inspection; however, inspection facilities must be reasonably accessible to those requiring use. Inspections will meet minimum standards established by the National Highway Traffic Safety Administration (NHTSA) in §§ 570.1 through 570.10, part 570, chapter V, title 49, Code of Federal Regulations (CFR). Lights, turn signals, brake lights, horn, and wipers should be included in the inspection.

(e) Vehicles with elevated rear ends are unsafe and will be denied registration on Army, DLA, and Marine Corps installations. The CFR (§ 570.8 (Suspension Systems), part 570, chapter V, title 49) states that springs should not be extended above the vehicle manufacturer's design height.

§ 634.21 Specifications for DD Form 2220.

(a) *Use.* DD Form 2220 will be used to register POVs on Army, Navy, Air Force, Marine Corps, and DLA installations or facilities. The form is produced in single copy for placement on the front of the vehicle only.

(1) Each Service and DLA will procure its own forms and installation and expiration tabs. For the Army, the basic decal may be ordered through publications channels. Army installations must procure their own installation and expiration tabs using installation funds.

(2) DD Form 2220 and installation and expiration tabs will be removed from POVs when the registration expires or is terminated.

(3) The normal expiration term for registration on Army installations will be 4 years.

(b) *Specifications.* (1) DD Form 2220 will consist of international blue borders and printing on a white background. Printer information will include the following:

(i) Form title (Department of Defense Registered Vehicle).

(ii) Alphanumeric individual form identification number.

(iii) DOD seal.
