

Department of the Army, DoD

§ 650.9

and regional pollution control standards.

(4) Integrate environmental protection and preservation activities, to the fullest extent feasible, into the planning and execution of the command's basic mission.

(5) Report, as required, to major commanders on the progress and effectiveness of environmental projects and activities to detect, quantify, and correct pollution sources in accordance with published laws, standards, and guidelines.

§ 650.8 Installation, State and Environmental Protection Agency (EPA) relationships.

(a) Federal installations are not required to comply with State or local administrative procedures with respect to pollution abatement and control. However, the majority of Federal environmental protection statutes contain provisions that require compliance with Federal, State, interstate and local substantive standards and limitations.

(b) Permits required by Federal statute, notably the National Pollutant Discharge Elimination System (NPDES) permits, will be obtained from the Environmental Protection Agency in accordance with regulations promulgated pursuant to the Federal Water Pollution Control Act and the guidance contained in this regulation.

(c) Compliance schedules required by State Implementation plan for air pollution control, reflecting the major increments of progress for projects designed to meet specified standards, will be negotiated with State regulatory authorities and coordinated with the Regional Office of EPA. When established, such compliance schedules are enforceable and may only be changed by renegotiation.

(d) Performance reports as specified in this regulation on the operation of wastewater treatment facilities, sources of air pollutant emissions, oil spills and such other reports as may be directed by DAEN-ZCE will be submitted to EPA regional authorities, as appropriate, who in turn will transmit appropriate information to State authorities. Requests for substantive reports not provided for by this regula-

tion will be promptly referred to HQDA (DAEN-ZCE) Washington, DC 20310 for guidance.

(e) Military authorities are to cooperate fully with EPA, State, regional and local authorities requesting access to Army installations for the purpose of inspecting pollution control facilities and activities.

§ 650.9 Annual Status Report on Environmental Programs and Activities (RCS DD-I&L (A) 1269).

HQDA (DAEN-ZCE) will prepare the DA Annual Status Report on Environmental Programs and Activities (RCS DD-I&L (A) 1269). The DA report will include information on the programs and activities of the major Army commands, the Army Reserve, and the Army National Guard.

(a) Major Army commanders will submit an annual report to DAEN-ZCE not later than February 15, covering actions and activities of the preceding calendar year. The command report should be based on feeder reports from active and semi-active installations. Command and installation reports will include the information outlined in § 650.11 to the extent that it is applicable. Further, the installation report will contain information identified in § 650.11 (c), (d), (e), (f), (g), (h) and (i) for tenant activities and satellited Army Reserve facilities.

(b) The State adjutants will submit an annual report to the Chief, National Guard Bureau not later than February 1. Negative reports are required. The Chief, National Guard Bureau will consolidate and forward reports containing facilities/sites that are not in compliance with Federal/State standards to HQDA (DAEN-ZCE) WASH DC 20310 not later than February 15. The report will contain the following information:

(1) Status of compliance with Federal/State pollution control standards for those facilities/sites which receive support from federally appropriated funds. Those not in compliance will be listed separately with the reasons for noncompliance.

(2) Status of programs and actions by facility/site currently ongoing that will bring the facility/site into compliance with Federal/State pollution control requirements.
