(Authority: 29 U.S.C. 2211(a); section 101(a) of the Act)

### § 345.2 What are the purposes of the State grants program for technology-related assistance for individuals with disabilities?

The purposes of this program are to provide financial assistance to States to support systems change and advocacy activities designed to assist each State in developing and implementing a consumer-responsive comprehensive statewide program of technology-related assistance, for individuals with disabilities of all ages, that is designed to—

(a)(1) Increase the availability of, funding for, access to, and provision of, assistive technology devices and assistive technology services;

(2) Increase the active involvement of individuals with disabilities and their family members, guardians, advocates, and authorized representatives, in the planning, development, implementation, and evaluation of the program;

(3) Increase the involvement of individuals with disabilities and, if appropriate, their family members, guardians, advocates, or authorized representatives, in decisions related to the provision of assistive technology devices and assistive technology services;

(4) Increase the provision of outreach to underrepresented populations and rural populations, to enable the two populations to enjoy the benefits of programs carried out to accomplish the purposes described in this section to the same extent as other populations;

(5) Increase and promote coordination among State agencies, and between State agencies and private entities, that are involved in carrying out activities under this part, particularly providing assistive technology devices and assistive technology services, that accomplish a purpose described in another paragraph of this section;

(6)(i) Increase the awareness of laws, regulations, policies, practices, procedures, and organizational structures, that facilitate the availability or provision of assistive technology devices and assistive technology services; and
