§ 251.10 Prohibition of location of mining claims within certain areas in the Norbeck Wildlife Preserve, South Dakota.

The location of mining claims in such areas within 660 feet of any Federal, State or county road and within such other areas where the location of mining claims would not be in the public interest, as may be designated by the Chief, Forest Service, or the Regional Forester, of Forest Service Region 2, is hereby prohibited. The Director, Bureau of Land Management, Department of the Interior, shall be advised of the areas so designated and notices of the boundaries of such areas posted at conspicuous places in the Preserve, as well as at the county courthouses in Pennington in the cities of Custer and Rapid City, and Custer Counties and the post offices State of South Dakota.

[13 FR 3676, July 1, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.11 Governing mining locations under the mining laws of the United States within that portion of the Black Hills National Forest, State of South Dakota, designated as the Norbeck Wildlife Preserve.

(a) Whoever locates a mining claim within the Norbeck Wildlife Preserve must, within 10 days after posting the location notice upon such claim, file a true copy of such location notice with the Forest Supervisor of the Black Hills National Forest at Custer, South Dakota, and further, within 10 days after said location notice is filed for

record pursuant to the State laws of South Dakota, a true copy of the recorded location certificate must be filed with said Forest Supervisor.

(b) All mining locators shall in all developments and operations make all reasonable provisions for the disposal of tailings, dumpage, and other deleterious materials or substances in such manner as to prevent obstruction, pollution, or deterioration of the land, streams, ponds, lakes, or springs, as may be directed by the Forest Supervisor.

(c) All slash resulting from cutting or destruction of forest growth incident and necessary to mining operations must be disposed of as directed by the Forest Supervisor.

(d) The cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the marking rules and timber sale practices applicable to the Black Hills National Forest, and such cutting and removal of timber shall be as directed by the Forest Supervisor.

(e) No use of the surface of a mining claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed, except under the National Forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of National Forest Regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral developments.

(f) When any road is to be built for mining purposes upon a mining claim, the locator must apply to the Forest Supervisor for the applicable rules and regulations governing the construction and maintenance of roads within the Black Hills National Forest, and such road will be built in accordance with such specifications and in such locations as the Forest Supervisor may direct.

(g) In conducting mining operations the locator, his agents, representatives, or employees, or other persons

whose presence in the area or in the vicinity thereof, is occasioned by such mining operations, shall use due diligence in the prevention and suppression of fires, and shall, when requested by the Forest Supervisor, or his authorized representative, be available for service in the extinguishment and suppression of all fires occurring within the Preserve: *Provided*, That if such fire does not originate through any negligence on the part of the locator, his agents, representatives, or employees, or other persons whose presence in the area or in the vicinity thereof, is occasioned by such mining operations and does not threaten the structures, improvements or property incident to the mining operation, such persons shall be paid for their services at the current rate of pay of fire fighters employed by the United States.

(h) Nothing contained in this section shall be construed to relieve the locator from complying with any requirements of the laws of the State of South Dakota, nor from compliance with or conformity to any requirements of any Federal law or regulation now existing or which later may be enacted or promulgated, and applicable to the subject involved in this section.

[13 FR 4792, Aug. 19, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.14 Conditions, rules and regulations to govern exercise of timber rights reserved in conveyance to the United States.

(a) Except as otherwise provided in paragraphs (b) and (c) of this section, in conveyance of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to enter upon the conveyed lands and to cut and remove timber and timber products, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(1) Whoever undertakes to exercise the reserved rights, hereinafter called operator, shall give prior written notice to Forest Service and shall submit satisfactory evidence of authority to

exercise such rights. Operator shall repair, replace, or restore any improvements owned by the United States or its permittees, damaged or destroyed by the timber operations and he shall restore the land to a condition safe and reasonably serviceable for authorized programs of Forest Service.

(2) In cutting and removing timber and timber products and in locating, constructing and using mills, logging roads, railroads, chutes, landings, camps, or other improvements, no unnecessary damage shall be done to the air, water and soil resources, and to young growth or to trees left standing. All survey monuments and witness trees shall be preserved.

(3) All trees, timber or timber products of species or sizes not specifically reserved which are unnecessarily cut, damaged, or destroyed by operator shall be paid for at double the usual rates charged in the locality for sales of similar National Forest timber and timber products.

(4) Slash and debris resulting from the cutting, removal, or processing of timber or timber products, or from construction operations, shall be disposed of or otherwise treated by methods acceptable to the Forest Service. Such treatment or disposal shall comply with known air and water quality criteria and standards and include necessary preparatory work such as fireline constructing and snag falling. The timing of log removal and preparatory work shall not unnecessarily delay slash disposal or treatment.

(5) Operator is authorized to construct and maintain buildings, facilities, and other improvements, including roads needed to log the reserved timber. Construction and maintenance plans, designs, and location shall be approved in writing by Forest Service before construction is started.

(6) All buildings, camps, equipment, and other structures or improvements shall be removed from the lands within 6 months from date of completion or abandonment of the operation, unless relieved by Forest Service by issuance of a special-use permit. Otherwise such buildings, camps, equipment, and other structures or improvements shall become the property of the United
