§ 31.13 Use of other than Service facilities.

(a) When a person specified in § 31.11 who is on active duty requires immediate medical, surgical, or dental treatment or hospitalization and the urgency of the situation does not permit treatment at a medical relief station or by a designated physician or designated dentist, an officer or other appropriate supervisory official of the Coast Guard may arrange for treatment or hospitalization.

(b) In every such case of treatment or hospitalization, a full report thereof shall be submitted to the Surgeon General through Coast Guard headquarters. As soon as practicable, unless the interests of the patient or the Government require otherwise, treatment or hospitalization shall be continued at a medical relief station or by a designated physician or designated dentist or at another appropriate Federal medical facility.

(c) When the necessary medical relief cannot be obtained from a medical relief station or a designated physician or designated dentist, preference shall be given to other Federal medical facilities when reasonably available and when conditions permit.

(d) Vouchers on proper forms covering expenses for treatment or hospitalization under the circumstances specified in paragraph (a) of this section shall be forwarded to the Surgeon General through Coast Guard headquarters. Each such voucher shall be accompanied by or contain a statement of the facts necessitating the treatment or hospitalization. If a person is separated while undergoing treatment by the Service, his treatment shall be discontinued immediately unless the physician or dentist in charge determines that the condition of the patient does not permit interruption of treatment, in which case the treatment shall be discontinued as soon as practicable and the condition of the patient permits.
