The written certification described in paragraph (b)(2) of this section also is effective for any cost reporting period of not less than 1 month and not more than 11 months occurring between the date the hospital began participating in Medicare and the start of the hospital's regular 12-month cost reporting period.

the hospital's most recent cost reporting period of at least 12 months, the beds have been used to treat an inpatient population meeting the requirements of § 412.23(b)(2).

(e) *Retroactive adjustments for certain units.* For cost reporting periods beginning on or after October 1, 1991, if a hospital has a new rehabilitation unit excluded from the prospective payment systems for a cost reporting period under paragraph (a) of this section or expands an existing rehabilitation unit under paragraph (c) of this section, but the inpatient population actually treated in the new unit or the beds added to the existing unit during that cost reporting period does not meet the requirements in § 412.23(b)(2), CMS adjusts payments to the hospital retroactively in accordance with the provisions in § 412.130 of this part.
