

§ 2803.3

(1) With respect to location, the holder has constructed the authorized facility outside the prescribed boundaries of the right-of-way authorized by the instant grant or permit.

(2) With respect to use, the holder has changed or modified the authorized use by adding equipment, overhead or underground lines, pipelines, structures or other facilities not authorized in the instant grant or permit.

(c) The holder shall notify the authorized officer of any change in status subsequent to the application or issuance of the right-of-way grant or temporary use permit. Such changes include, but are not limited to, legal mailing address, financial condition, business or corporate status. When requested by the authorized officer, the holder shall update and/or attest to the accuracy of any information previously submitted.

(d) If required by the terms of the right-of-way grant or temporary use permit, the holder shall, subsequent to construction and prior to commencing operations, submit to the authorized officer a certification of construction, verifying that the facility has been constructed and tested in accordance with terms of the right-of-way grant or temporary use permit, and in compliance with any required plans and specifications, and applicable Federal and State laws and regulations.

§ 2803.3 Immediate temporary suspension of activities.

(a) If the authorized officer determines that an immediate temporary suspension of activities within a right-of-way or permit area for violation of the terms and conditions of the right-of-way authorization is necessary to protect public health or safety or the environment, he/she may promptly abate such activities prior to an administrative proceeding.

(b) The authorized officer may give an immediate temporary suspension order orally or in writing at the site of the activity to the holder or a contractor or subcontractor of the holder, or to any representative, agent, employee or contractor of the holder, and the suspended activity shall cease at that time. As soon as practicable, the authorized officer shall confirm an oral

order by a written notice to the holder addressed to the holder or the holder's designated agent.

(c) An order of immediate temporary suspension of activities shall remain effective until the authorized officer issues an order permitting resumption of activities.

(d) Any time after an order of immediate temporary suspension has been issued, the holder may file with the authorized officer a request for permission to resume. The request shall be in writing and shall contain a statement of the facts supporting the request.

(e) The authorized officer may render an order to either grant or deny the request to resume within 5 working days of the date the request is filed. If the authorized officer does not render an order on the request within 5 working days, the request shall be considered denied, and the holder shall have the same right to appeal the denial as if a final order denying the request had been issued by the authorized officer.

§ 2803.4 Suspension and termination of right-of-way authorizations.

(a) If the right-of-way grant or temporary use permit provides by its terms that it shall terminate on the occurrence of a fixed or agreed-upon condition, event, or time, the right-of-way authorization shall thereupon automatically terminate by operation of law, unless some other procedure is specified in the right-of-way grant or temporary use permit. The authorized officer may terminate a right-of-way grant or temporary use permit when the holder requests or consents to its termination in writing.

(b) The authorized officer may suspend or terminate a right-of-way grant or temporary use permit if he determines that the holder has failed to comply with applicable laws or regulations, or any terms, conditions or stipulations of the right-of-way grant or temporary use permit or has abandoned the right-of-way.

(c) Failure of the holder of a right-of-way grant to use the right-of-way for the purpose for which the authorization was issued for any continuous five-year period shall constitute a presumption of abandonment. The holder may rebut the presumption by proving

that his failure to use the right-of-way was due to circumstances not within the holder's control.

(d) Before suspending or terminating a right-of-way grant pursuant to paragraph (b) of this section, the authorized officer shall give the holder written notice that such action is contemplated and the grounds therefor and shall allow the holder a reasonable opportunity to cure such noncompliance.

(e) In the case of a right-of-way grant that is under its terms an easement, the authorized officer shall give written notice to the holder of the suspension or termination and shall refer the matter to the Office of Hearings and Appeals for a hearing before an Administrative Law Judge pursuant to 43 CFR part 4. If the Administrative Law Judge determines that grounds for suspension or termination exist and such action is justified, the authorized officer shall suspend or terminate the right-of-way grant.

Within a reasonable time after termination, revocation or cancellation of a right-of-way grant, the holder shall, unless directed otherwise in writing by the authorized officer, remove such structures and improvements and shall restore the site to a condition satisfactory to the authorized officer. If the holder fails to remove all such structures or improvements within a reasonable period, as determined by the authorized officer, they shall become the property of the United States, but the holder shall remain liable for the cost of removal of the structures and improvements and for restoration of the site.

§ 2803.5 Change in Federal jurisdiction or disposal of lands.

(a) Where a right-of-way grant or temporary use permit administered under these regulations traverses public lands that are transferred to another Federal agency, administration of the right-of-way shall, at the discretion of the authorized officer, be assigned to the acquiring agency unless

such assignment would diminish the rights of the holder.

(b) Where a right-of-way grant or temporary use permit traverses public lands that are transferred out of Federal ownership, the transfer of the land shall, at the discretion of the authorized officer, include an assignment of the right-of-way, be made subject to the right-of-way, or the United States may reserve unto itself the land encumbered by the right-of-way.

(b) Holders of right-of-way grants issued before October 21, 1976, who find it necessary to amend their grants shall comply with paragraph (a) of this section in filing their applications. Upon acceptance of the amended application by the authorized officer an amended right-of-way grant shall be issued.
