§ 401.240 Renewal of Certificates of Registration.

(a) An application for renewal of a Certificate of Registration shall be submitted to the Director together with two full-face photographs, 1½ inches by 2 inches, signed on the face, at least 15 days before the expiration date of the existing Certificate. (b) No Certificate of Registration shall be renewed unless the applicant for renewal thereof meets the requirements and qualifications set forth in §401.210 for issuance of an original Certificate of Registration; excepting that compliance with §401.210(a)(4) shall not be required if the examination was satisfactorily passed on a previous application for registration within six (6) months next preceding the date of application for renewal.

(c) If the Director determines that there is good cause for denying renewal of a Certificate of Registration, the applicant shall be notified in writing of such determination and the cause thereof. The applicant may thereupon apply within fifteen (15) days of receipt of such notice for a hearing in regard to the cause for the denying of a renewal of the Certificate, which hearing shall be granted.

(d) In any case in which the applicant has made timely and sufficient application for renewal of his registration, no such registration shall expire until such application shall have been finally determined by the Commandant unless the public health, interest, or safety requires otherwise.

(e) Upon receipt of a renewal Certificate of Registration, the expired Certificate shall be surrendered to the Director.

(b) When a Certificate of Registration which is about to expire is suspended, the renewal of such certificate

may be withheld until the expiration of the period of suspension.

(c) Whenever the public health, interest, or safety requires, the Director may deny a Registered Pilot dispatch for a period not to exceed 30 days pending investigation by the U.S. Coast Guard or other agency having jurisdiction in the matter.

(d) Every U.S. Registered Pilot shall, whenever his or her license is revoked or suspended under the provisions of part 5 of this title, deliver his Certificate of Registration simultaneously with his or her license to the U.S. Coast Guard. (a) A marine accident which occurs while a U.S. Registered Pilot is in the service of a vessel in U.S. or Canadian waters of the Great Lakes shall be reported by the Registered Pilot to the Director as soon as possible, but not later than 15 days after the accident. The report shall name and describe the vessel or vessels involved, and shall describe the accident, including type of accident, location, time, prevailing weather, damage to the vessel or vessels or property, and injury to persons or lives lost.
