

1815.203

issued in advance of other solicitation sections.

(B) Contracting officers shall plan the acquisition schedule to include adequate time for issuance of the DRFP, potential offeror review and comment, and NASA evaluation and disposition of the comments.

(C) When issuing DRFPs, potential offerors should be advised that the DRFP is not a solicitation and NASA is not requesting proposals.

(D) Whenever feasible, contracting officers should include a summary of the disposition of significant DRFP comments with the final RFP.

(E) If performance-based payments are planned to be used in a competitive negotiated acquisition, the DRFP shall request potential offerors to suggest terms, including performance events or payment criteria. Contracting officers shall use that information to establish a common set of performance-based payments parameters in the formal RFP when practicable.

(F) The procurement officer may waive the requirement for a DRFP upon written determination that the expected benefits will not be realized given the nature of the supply or service being acquired. The DRFP shall not be waived because of poor or inadequate planning.

(f)(i) Upon release of the formal RFP, the contracting officer shall direct all personnel associated with the acquisition to refrain from communicating with prospective offerors and to refer all inquiries to the contracting officer or other authorized representative. This procedure is commonly known as a "blackout notice" and shall not be imposed before release of the RFP. The notice may be issued in any format (e.g., letter or electronic) appropriate to the complexity of the acquisition.

(ii) Blackout notices are not intended to terminate all communication with offerors. Contracting officers should continue to provide information as long as it does not create an unfair competitive advantage or reveal proprietary data.

1815.203 Requests for proposals.

1815.203-70 Installation reviews.

(a) Installations shall establish procedures to review all RFPs before release. When appropriate given the complexity of the acquisition or the number of offices involved in solicitation review, centers should consider use of a single review meeting called a Solicitation Review Board (SRB) as a streamlined alternative to the serial or sequential coordination of the solicitation with reviewing offices. The SRB is a meeting in which all offices having review and approval responsibilities discuss the solicitation and their concerns. Actions assigned and changes required by the SRB shall be documented.

(b) When source evaluation board (SEB) procedures are used in accordance with 1815.370, the SEB shall review and approve the RFP prior to issuance.

1815.203-71 Headquarters reviews.

For RFPs requiring Headquarters review and approval, the procurement officer shall submit ten copies of the RFP to the Assistant Administrator for Procurement (Code HS). Any significant information relating to the RFP or the planned evaluation methodology omitted from the RFP itself should also be provided.

[65 FR 12485, Mar. 9, 2000]

1815.203-72 Risk management.

In all RFPs and RFOs for supplies or services for which a technical proposal is required, proposal instructions shall require offerors to identify and discuss risk factors and issues throughout the proposal where they are relevant, and describe their approach to managing these risks.
