[65 FR 58932, Oct. 3, 2000, as amended at 67 FR 50824, Aug. 6, 2002]

Subpart 1819.70—NASA 8 Percent Goal

1819.7000 General.

Public Laws 101-144, 101-507, and 102-389 require the NASA Administrator to ensure, to the fullest extent possible, that at least 8% of Federal funding for prime and subcontracts awarded in support of authorized programs, including the space station by the time operational status is obtained, be made available to small disadvantaged business concerns, Historically Black Colleges and Universities, minority institutions, and women-owned small business concerns.

1819.7002 Contracting officer responsibility.

(a) Contracting officers must seek out as potential sources entities identified in 1819.7001 and give full consideration to these entities to satisfy NASA requirements. The participation of NASA prime contractors is also essential to meeting the Agency's 8 percent goal.

(b) NASA Policy Directive (NPD) 5000.2, Uniform Methodology for Determination of Small Disadvantaged Subcontracting Goals, contains guidance on developing realistic goals. It is applicable to acquisitions expected to exceed \$50 million, including options. The methodology may be used for lesser value acquisitions.

1819.7003 Contract clause.

The contracting officer shall insert the clause at 1852.219-76, NASA 8 Percent Goal, in all solicitations and contracts other than those below the sim-

plified acquisition threshold or when the contract, together with all its subcontracts, is to be performed entirely outside of any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and the Trust Territory of the Pacific Islands.

Subpart 1819.71—NASA Rural Area Small Business Plan

1819.7101 Definition.

Rural area means a county with a population of fewer than twenty thousand individuals.

1819.7102 General.

Pursuant to Public Law 100-590, NASA established a Rural Area Business Enterprise Development Plan, including methods for encouraging prime and subcontractors to use small business concerns located in rural areas as subcontractors and suppliers. One method is to encourage the contractor to use its best efforts to comply with the intent of the statute.

1819.7103 Solicitation provision and contract clause.

The contracting officer shall insert the clause at 1852.219-74, Use of Rural Area Small Businesses, in solicitations and contracts that offer subcontracting possibilities or that are expected to exceed \$500,000 (\$1,000,000 for construction of public facility) unless the contract, together with all its subcontracts, is to be performed entirely outside of any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico,

and the Trust Territory of the Pacific Islands.

Subpart 1819.72—NASA Mentor-Protégé Program

§ 1819.7201 Scope of subpart.

The NASA Mentor-Protégé Program is designed to incentivize NASA prime contractors to assist small disadvantaged business (SDB) concerns, Historically Black Colleges and Universities (HBCUs), minority institutions (MIs), and women-owned small business (WOSB) concerns, in enhancing their capabilities to perform NASA contracts and subcontracts, foster the establishment of long-term business relationships between these entities and NASA prime contractors, and increase the overall number of these entities that receive NASA contract and sub-contract awards.

[64 FR 10571, Mar. 5, 1999]

1819.7202 Definitions.

High-Tech is defined in 1819.001.

1819.7203 Non-affiliation.

For purposes of the Small Business Act, a protégé firm may not be considered an affiliate of a mentor firm solely on the basis that the protégé firm is receiving developmental assistance referred to in 1819.7214 from such mentor firm under the Program. In addition, NASA shall not consider partial ownership, up to 10 percent, of a Department of Defense (DOD)-sanctioned protégé firm by its DOD mentor to constitute affiliation.

1819.7204 Transportability of features from the Department of Defense (DOD) Mentor-Protégé program to NASA contractors.

(a) In accordance with the benefits authorized by the DOD Mentor-Protégé Program (Public Law 101–510, Section 831, as amended by Public Law 102–190, Section 814), a NASA contractor who is also an approved DOD mentor can transfer credit features to their NASA contracts.

(b) NASA prime contractors, who are approved DOD mentors, can award sub-contracts noncompetitively under their NASA contracts to the protégés which

they are assisting under the DOD Program (Public Law 101–510, Section 831(f)(2)).

(c) NASA prime contractors may count the costs of developmental assistance provided of protégés being assisted under the DOD Program toward meeting the goals in their subcontracting plans under their NASA prime contracts (Public Law 102–190, Section 814). Limitations which may reduce the value of this benefit include:

(1) Credit toward attaining subcontracting goals is available only to the extent that the developmental assistance costs have not been reimbursed to the contractor by DOD as direct or indirect costs; or

(2) The credit is available to meet the goals of a NASA subcontracting plan only to the extent that it has not been applied to a DOD subcontracting plan. The same unreimbursed developmental assistance costs cannot be counted toward meeting the subcontracting goals of more than one prime contract. These costs would accrue from credit for the multiples attributed to assistance provided by Small Business Development Centers, Historically Black Colleges and Universities and minority institutions.

(d) The features identified in paragraphs (a), (b) and (c) of this section point out the portability of features from the DOD Mentor-Protégé Program to NASA prime contractors. NASA mentors will be held to show “good faith” by providing actual developmental assistance beyond transferring credit from activity in the DOD Program to NASA subcontracting plans.

1819.7205 General policy.

(a) Eligible large business prime contractors, not included on the “List of Parties Excluded from Federal Procurement and Nonprocurement Programs”, who have at least one active subcontracting plan, and who are approved as mentor firms may enter into agreements with eligible entities (as defined in 1819.7209) as protégés to provide appropriate developmental assistance to enhance the capabilities of protégés to perform as subcontractors and suppliers. Eligible small business prime contractors, not included on the
