

cosponsored research and development activities.

1827.409 Solicitation provisions and contract clauses. (NASA supplements paragraph (a), (b), (c), (d), (e), (i), and (k))

(a) The contracting officer shall add subparagraph (3) set forth in 1852.227-14 to paragraph (d) of the clause at FAR 52.227-14, Rights in Data—General, except in solicitations and contracts for basic or applied research with universities or colleges.

(b) The contracting officer, with the concurrence of the installation intellectual property counsel, is the approval authority for use of Alternate I. An example of its use is where the principal purpose of the contract (such as a contract for basic or applied research) does not involve the development, use, or delivery of items, components, or processes that are intended to be acquired for use by or for the Government (either under the contract in question or under any anticipated follow-on contracts relating to the same subject matter).

(c) The contracting officer shall normally add the disclosure purposes listed in FAR 27.404(d)(1) (i)–(v) to subparagraph (g)(2). However, the contracting officer may, upon consultation with the installation patent or intellectual property counsel, make deletions from the specific purposes listed. If all are deleted, the word “None” must be inserted. Additions to those specific purposes listed may be made only with the approval of the procurement officer and concurrence of the installation patent or intellectual property counsel.

(d) The contracting officer shall consult with the installation patent or intellectual property counsel regarding the acquisition of restricted computer software with greater or lesser rights than those set forth in Alternate III. Where it is impractical to actually modify the notice of Alternate III, this may be done by express reference in a separate clause in the contract or by a collateral agreement that addresses the change in the restricted rights.

(e) The contracting officer, with the concurrence of the installation intellectual property counsel, is the approval authority for the use of Alter-

nate IV in any contract other than a contract for basic or applied research to be performed solely by a college or university on campus (but not for the management or operation of Government facilities).

(i) The contracting officer shall modify the clause at FAR 52.227-17, Rights in Data—Special Works by adding paragraph (f) as set forth in 1852.227-17.

(k)(i) The contracting officer shall add paragraph (e) as set forth in 1852.227-19(a) to the clause at FAR 52.227-19, Commercial Computer Software—Restricted Rights, when it is contemplated that updates, correction notices, consultation information, and other similar items of information relating to commercial computer software delivered under a purchase order or contract are available and their receipt can be facilitated by signing a vendor supplied agreement, registration forms, or cards and returning them directly to the vendor.

(ii) The contracting officer shall add paragraph (f) as set forth at 1852.227-19(b) to the clause at FAR 52.227-19, Commercial Computer Software—Restricted Rights, when portions of a contractor’s standard commercial license or lease agreement consistent with the clause, Federal laws, standard industry practices, and the FAR are to be incorporated into the purchase order or contract.

(iii) See 1827.409-70.

1827.409-70 NASA contract clause.

The contracting officer shall use the clause at 1852.227-86, Commercial Computer Software—Licensing, in lieu of FAR 52.227-19, Commercial Computer Software—Restricted Rights, when it is considered appropriate for the acquisition of existing computer software in accordance with FAR 27.405(b)(2).

Subpart 1827.6—Foreign License and Technical Assistance Agreements

1827.670 Space Station technical data and goods.

1827.670-1 Policy.

NASA and its contractors shall comply with all applicable export control

laws, including the International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120-130, and the Export Administration Regulations (EAR), 15 CFR Parts 730-799, with respect to the transfer of technical data and goods to any International Space Station program multilateral partner or contractor. When authorized, certain technical data in support of the International Space Station program may be exported to a foreign recipient specified in writing by the contracting officer. Contracting officers, or designees, will assure that any transfer of data to a foreign recipient will be in compliance with all applicable directives, including the NASA Export Control Program.

1827.670-2 Contract clause.

The contracting officer shall insert the clause at 1852.227-87, Transfer of Technical Data Under Space Station International Agreements, in all solicitations, contracts, and purchase orders in support of Space Station program activities that may involve transfer of technical data subject to the International Traffic in Arms Regulations, 22 CFR Parts 120-130, or the Export Administration Regulations (EAR), 15 CFR Parts 730-799 in accordance with the NASA Export Control Program.
