(3) A description of the role of the Principal Investigator including the responsibility for the provision of instruments for flight experiments.

(3) Identification of the principal technical and management points to be treated in subsequent negotiations.

(5) Any rights to be granted on use of data, publishing of data, and duration of use of the data.

(3) The responsibilities of NASA and of the sponsoring governmental agency; these may include:

It is important that these remaining proposers be informed at the same time as those selected. Other agency notifications and press release procedures will apply, as appropriate.
