

246.408

(ii) Shall request that the contractor repair or replace the material, or perform the service, at no cost to the Government; and

(iii) May accept consideration if offered. For guidance on solicitation of a refund, see subpart 242.71.

[56 FR 36460, July 31, 1991, as amended at 67 FR 4208, Jan. 29, 2002]

246.408 Single-agency assignments of Government contract quality assurance.

246.408-70 Subsistence.

(a) The Surgeons General of the military departments are responsible for—

- (1) Acceptance criteria;
- (2) Technical requirements; and
- (3) Inspection procedures needed to assure wholesomeness of foods.

(b) The contracting office may designate any Federal activity, capable of assuring wholesomeness and quality in food, to perform quality assurance for subsistence contract items. The designation may—

- (1) Include medical service personnel of the military departments; and
- (2) Be on a reimbursable basis.

246.408-71 Aircraft.

(a) The Federal Aviation Administration (FAA) has certain responsibilities and prerogatives in connection with some commercial aircraft and of aircraft equipment and accessories (Pub. L. 85-726 (72 Stat 776, 49 U.S.C. 1423)). This includes the issuance of various certificates applicable to design, manufacture, and airworthiness.

(b) FAA evaluations are not a substitute for normal DoD evaluations of the contractor's quality assurance measures. Actual records of FAA evaluations may be of use to the contract administration office (CAO) and should be used to their maximum advantage.

(c) The CAO shall ensure that—

- (1) The supplies and services conform to the terms of the contract; and
- (2) The contractor possesses any required FAA certificates and approvals prior to acceptance.

246.408-72 Construction projects.

(a) The department or agency responsible for the construction of a building

48 CFR Ch. 2 (10-1-02 Edition)

or other structure is normally responsible for on-site inspection.

(b) The contract administration office performs quality assurance for construction materials and supplies acquired for military and civil works projects.

(c) The offices responsible for on-site inspection and for quality assurance of materials and supplies must coordinate their efforts to ensure the compatibility of buildings and structures and installed equipment.

246.470 Government contract quality assurance actions.

246.470-1 Planning.

In systematically planning Government contract quality assurance actions used to determine a contractor's compliance with contract quality requirements, consider—

- (a) The relative importance of the product; and
- (b) The variety of tasks required of the available resources.

246.470-2 Evidence of conformance.

Use objective evidence of quality to determine conformance to contract quality requirements.

246.470-3 Assessment of additional costs.

(a) Under the clause at FAR 52.246-2, Inspection of Supplies—Fixed-Price, the Government may charge the contractor for additional costs incurred by the Government due to delays in tests or inspections caused by the contractor, or due to the necessity for reinspection or retest. This action may be necessary when—

- (1) Supplies are not ready at the time such inspection and test are requested by the contractor; or
- (2) Reinspection or retest is necessitated by prior rejection.

(b) After considering the factors in paragraph (d) of this subsection, the quality assurance representative (QAR) may believe that the assessment of additional costs is warranted. If so, the representative shall recommend that
