

Federal Acquisition Regulation

32.1109

be incorrect EFT information within the meaning of the “Suspension of Payment” paragraphs of the EFT clauses at 52.232-33 and 52.232-34.

32.1106 EFT mechanisms.

(a) *Domestic EFT mechanisms.* The EFT clauses at 52.232-33 and 52.232-34 are designed for use with the domestic United States banking system, using United States currency, and only the specified mechanisms (U.S. Automated Clearing House, and Fedwire Transfer System) of EFT. However, the head of an agency may authorize the use of any other EFT mechanism for domestic EFT with the concurrence of the office or agency responsible for making payments.

(b) *Nondomestic EFT mechanisms and other than United States currency.* The Government shall provide payment by other than EFT for payments received by or on behalf of the contractor outside the United States and Puerto Rico or for contracts paid in other than United States currency. However, the head of an agency may authorize appropriate use of EFT with the concurrence of the office or agency responsible for making payments if—

(1) The political, financial, and communications infrastructure in a foreign country supports payment by EFT; or

(2) Payments of other than United States currency may be made safely.

32.1107 Payment information.

The payment or disbursing office shall forward to the contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System.

32.1108 Payment by Governmentwide commercial purchase card.

A Governmentwide commercial purchase card charge authorizes the third party (e.g., financial institution) that issued the purchase card to make immediate payment to the contractor. The Government reimburses the third party at a later date for the third party’s payment to the contractor.

(a) The clause at 52.232-36, Payment by Third Party, governs when a contractor submits a charge against the

purchase card for contract payment. The clause provides that the contractor shall make such payment requests by a charge to a Government account with the third party at the time the payment clause(s) of the contract authorizes the contractor to submit a request for payment, and for the amount due in accordance with the terms of the contract. To the extent that such a payment would otherwise be approved, the charge against the purchase card should not be disputed when the charge is reported to the Government by the third party. To the extent that such payment would otherwise not have been approved, an authorized individual (see 1.603-3) shall take action to remove the charge, such as by disputing the charge with the third party or by requesting that the contractor credit the charge back to the Government under the contract.

(b) Written contracts to be paid by purchase card should include the clause at 52.232-36, Payment by Third Party, as prescribed by 32.1110(d). However, payment by a purchase card also may be made under a contract that does not contain the clause to the extent the contractor agrees to accept that method of payment.

(c) The clause at 52.232-36, Payment by Third Party, requires that the contract—

(1) Identify the third party and the particular purchase card to be used; and

(2) Not include the purchase card account number. The purchase card account number should be provided separately to the contractor.

32.1109 EFT information submitted by offerors.

If offerors are required to submit EFT information prior to award, the successful offeror is not responsible for resubmitting this information after award of the contract except to make changes, or to place the information on invoices if required by agency procedures. Therefore, contracting officers shall forward EFT information provided by the successful offeror to the appropriate office.
