

be constructed, and others that maintain public plan display rooms.

(d) Payments received for plans and specifications shall be handled in accordance with the regulations prescribed by the General Accounting Office in sections 3020-10 and 3030 of Title 7 of GAO Manual for Guidance of Federal Agencies.

(e) If the contracting officer desires to have the architect-engineer or construction manager handle the furnishing of plans and specifications and payments therefor, the invitations for bids should so state, and the architect-engineer or construction management contract shall provide the manner in which the receipts are to be handled, generally as a credit to the contract.

(f) No charge will be made to original receivers of plans and specifications for revised sheets of drawings and revised pages of specifications which are issued by amendments to invitations.

(g) Plans and specifications may be issued in complete sets only, or in complete sets and parts of sets, as the Head of the Contracting Activity determines to be best. If less than complete sets of plans and specifications are issued, the distribution should be based on an applicant's request for specific pages and drawing sheets.

(h) When a non-refundable fee is to be charged, a provision substantially the same as 952.236-72 shall be included in the solicitation.

Subpart 936.6—Architect-Engineer Services

936.602-70 DOE selection criteria.

Contracting officers or architect-engineer evaluation boards shall apply the evaluation criteria contained in this subsection, as appropriate, and any special criteria developed for individual selections. When special and additional criteria are to be used, they shall be set forth in the public announcement required by 936.601, and a written justification for their use shall be placed in the DOE file maintained for the project.

(a) *General qualifications, including:*

(1) Reputation and standing of the firm and its principal members;

(2) Experience and technical competence of the firm in comparable work;

(3) Past record in performing work for DOE, other Government agencies, and private industry, including projects or contracts implemented with no overruns; performance from the standpoint of cost including cost overruns (last 5 years); the nature, extent, and effectiveness of contractor's cost reduction program; quality of work; and ability to meet schedules including schedule overruns (last 5 years) (where applicable);

(4) The volume of past and present workloads;

(5) Interest of company management in the project and expected participation and contribution of top officials;

(6) Adequacy of central or branch office facilities for the proposed work, including facilities for any special services that may be required;

(7) Geographic location of the home office and familiarity with the locality in which the project is located;

(b) *Personnel and organizations.* (1) Specific experience and qualifications of personnel proposed for assignment to the project, including, as required for various phases of the work:

(i) Technical skills and abilities in planning, organizing, executing, and controlling;

(ii) Abilities in overall project coordination and management; and

(iii) Experience in working together as a team;

(2) Proposed project organization, delegations of responsibility, and assignments of authority;

(3) Availability of additional competent, regular employees for support of the project, and the depth and size of the organization so that any necessary expansion or acceleration could be handled adequately;

(4) Experience and qualifications of proposed consultants and subcontractors; and

(5) Ability to assign adequate qualified personnel from the proposed organization (firms own organization, joint-venture organizations, consulting firms etc.) including key personnel and a competent supervising representative.

936.609-3

(c) Additional (or special) criteria developed for the specific project shall be considered and evaluated as may be appropriate.

936.609-3 Work oversight in architect-engineer contracts.

In addition to the clause at FAR 52.236-24, the contracting officer shall insert the clause at 952.236-71 in architect-engineer contracts.

Subpart 936.7—Standard and Optional Forms for Contracting for Construction, Architect-Engineer Services, and Dismantling, Demolition or Removal of Improvements

936.702 Forms for use in contracting for architect-engineer services.

(a) The contracting officer shall also include the additional terms at 952.236-70 in Standard Form 252 item 6.

Subpart 936.71—Inspection and Acceptance

936.7100 Scope of subpart.

This subpart implements and supplements FAR Part 36 by prescribing the policies and requirements for inspection and acceptance under construction contracts.

936.7101 Construction contracts.

(a) Inspection services may be performed by the architect-engineer responsible for the design. Inspection services may not be procured from a construction contractor with respect to its own work.

(b) When one contractor is to inspect the work of another, the inspection contractor will be given written instructions defining its responsibilities and stating that it is not authorized to modify the terms and conditions of the contract, to direct additional work, to waive any requirements of the contract, or to settle any claim or dispute. Copies of the instructions will be given to the contractor who is to be inspected, with a request to acknowledge receipt on a copy to be returned to the contracting officer. In this manner, both contractors are on express notice

48 CFR Ch. 9 (10-1-02 Edition)

of the authority and limitations of the authority of the inspecting contractor.
