Subpart B—Information Required To Be Made Public by DOT

§ 7.3 Publication in the Federal Register.

This section implements 5 U.S.C. 552(a)(1), and prescribes rules governing publication in the FEDERAL REGISTER of the following:

(a) Descriptions of DOT's organization, including its DOT components and the established places at which, the officers from whom, and the methods by which, the public may secure information and make submittals or obtain decisions;

(d) Substantive rules of general applicability adopted as authorized by law and statements of general policy or interpretations of general applicability formulated and adopted by DOT; and

(e) Each amendment, revision, or repeal of any material listed in paragraphs (a) through (d) of this section.

§ 7.4 Publication required.

(a) *General.* The material described in § 7.3 will be published in the FEDERAL REGISTER. For the purposes of this paragraph, material that will reasonably be available to the class of persons affected by it will be considered to be published in the FEDERAL REGISTER if it has been incorporated by reference with the approval of the Director of the Federal Register.

However, this does not include staff manuals or instructions to staff concerning internal operating rules, practices, guidelines, and procedures for DOT inspectors, investigators, law enforcement officers, examiners, auditors, and negotiators and other information developed predominantly for internal use, the release of which could significantly risk circumvention of agency regulations or statutes.

(4) Copies of all records, regardless of form or format, that have been released to any person under subpart C of this part and which, because of the nature of their subject matter, a DOT component determines have become or are likely to become the subject of subsequent requests for substantially the same records.
