(d) *Information on the Shipper's Export Declaration (SED) or Automated Export System (AES) record.* The data provided on the SED or AES electronic record shall be complete, correct, and based on personal knowledge of the facts stated or on information furnished by the parties involved in the export transaction. All parties involved in export transactions, including U.S. forwarding or other agents, should be aware that invoices and other commercial documents may not necessarily contain all the information needed to prepare the SED or AES record. In cases where a forwarding or other agent is filing export information on the SED or AES record, the forwarding or other agent must obtain a power of attorney or written authorization from a principal party in interest to file the information on its behalf. A power of attorney or written authorization should specify the responsibilities of the parties with particularity, and should state that the forwarding or other agent has authority to act on behalf of a principal party in interest as its true and lawful agent for purposes of the export transaction in accordance with the laws and regulations of the United States.

(f) *Format requirements for SEDs:* The SED shall be prepared in English and shall be typewritten or prepared in ink or other permanent medium (except indelible pencil). The use of duplicating processes, as well as the overprinting of selected items of information, is acceptable.

The original SED must be signed in ink, but signature on other copies is not required. The use of signature stamps is acceptable. A signed legible carbon or other copy of the export declaration is acceptable as an "original" of the SED.
