

The information required by this section shall be reported in sufficient time to enable the futures commission merchant or foreign broker with whom the omnibus account is established to comply with part 17 of these regulations and reporting requirements established by the contract markets.

(b) In determining open long and open short futures positions, and open purchased long and open granted short option positions, in an omnibus account for purposes of complying with §§ 17.00(f), 1.37(b) and 1.58 of this chapter, a futures commission merchant, clearing member or foreign broker shall total the open long positions of all traders and the open short positions of all traders in each future of a commodity and, for commodity options transactions, shall total the open long put options, the open short put options, the open long call options, and the open short call options of all traders for each commodity option expiration date and each strike price. The futures commission merchant, clearing member or foreign broker shall, if both open long and short positions in the same future are carried for the same trader, compute open long or open short futures positions as instructed below.

(1) Include both the total open long and the total open short positions of the trader if:

(i) The positions represent transactions on a contract market which requires long and short positions in the same future held in accounts for the same trader to be recorded and reported on a gross basis; or

(ii) The account is an omnibus account of another futures commission merchant or foreign broker; or

(2) Include only the net long or net short positions of the trader if the positions represent transactions on a contract market which does not require long and short positions in the same future held in accounts for the same trader to be recorded and reported on a gross basis.
