§ 240.15c3-3a

(o)(2)(i)(C) and (o)(2)(i)(D) of this section no later than ten business days after the date the account is received.

(3) *Changes in account type.* A broker or dealer registered with the Commission pursuant to section 15(b)(1) of the Act (15 U.S.C. 78o(b)(1)) that is also a futures commission merchant registered pursuant to section 4f(a)(1) of the Commodity Exchange Act (7 U.S.C. 6f(a)(1)) may change the type of account in which a customer's security futures products will be held; *provided* that:

(i) The broker or dealer creates a record of each change in account type, including the name of the customer, the account number, the date the broker or dealer received the customer's request to change the account type, if applicable, and the date the change in account type became effective; and

(ii) The broker or dealer, at least ten days before the customer's account type is changed:

(A) Notifies the customer in writing of the date that the change will become effective; and

(B) Provides the customer with the disclosures described in paragraph (o)(2)(i) of this section.

(iii) Specifies that the broker or dealer:

(A) Must provide to the lender, upon the execution of the agreement or by the close of the business day of the loan if the loan occurs subsequent to the execution of the agreement, collateral, which fully secures the loan of securities, consisting exclusively of cash or United States Treasury bills and

Treasury notes or an irrevocable letter of credit issued by a bank as defined in section 3(a)(6)(A)–(C) of the Act (15 U.S.C. 78c(a)(6)(A)–(C)) or such other collateral as the Commission designates as permissible by order as necessary or appropriate in the public interest and consistent with the protection of investors after giving consideration to the collateral's liquidity, volatility, market depth and location, and the issuer's creditworthiness; and

(B) Must mark the loan to the market not less than daily and, in the event that the market value of all the outstanding securities loaned at the close of trading at the end of the business day exceeds 100 percent of the collateral then held by the lender, the borrowing broker or dealer must provide additional collateral of the type described in paragraph (b)(3)(iii)(A) of this section to the lender by the close of the next business day as necessary to equal, together with the collateral then held by the lender, not less than 100 percent of the market value of the securities loaned; and

17 CFR Ch. II (4-1-03 Edition)

	Credits	Debits
12. Failed to deliver of customers' securities not older than 30 calendar days	XXX
13. Margin required and on deposit with the Options Clearing Corp. for all option contracts written or purchased in customer accounts. (See Note F.)	XXX
Total credits
Total debits
14. Excess of total credits (sum of items 1-9) over total debits (sum of items 10-13) required to be on deposit in the "Reserve Bank Account" (§240.15c3-3(e)). If the computation is made monthly as permitted by this section, the deposit shall be not less than 105 percent of the excess of total credits over total debits	XXX

NOTE A. Item 1 shall include all outstanding drafts payable to customers which have been applied against free credit balances or other credit balances and shall also include checks drawn in excess of bank balances per the records of the broker or dealer.

NOTE B. Item 2 shall include the amount of Letters of Credit obtained by a member of Options Clearing Corporation which are collateralized by customers' securities, to the extent of the member's margin requirement at Options Clearing Corp.

NOTE C. Item 3 shall include in addition to monies payable against customer's securities loaned the amount by which the market value of securities loaned exceeds the collateral value received from the lending of such securities.

NOTE D. Item 4 shall include in addition to customers' securities failed to receive the amount by which the market value of securities failed to receive and outstanding more than thirty (30) calendar days exceeds their contract value.

NOTE E. (1) Debit balances in margin accounts shall be reduced by the amount by which a specific security (other than an exempted security) which is collateral for margin accounts exceeds in aggregate value 15 percent of the aggregate value of all securities which collateralize all margin accounts receivable; provided, however, the required reduction shall not be in excess of the amount of the debit balance required to be excluded because of this concentration rule. A specified security is deemed to be collateral for a margin account only to the extent it represents in value not more than 140 percent of the customer debit balance in a margin account.

(2) Debit balances in special omnibus accounts, maintained in compliance with the requirements of section 4(b) of Regulation T under the Act (12 CFR 220.4(b) or similar accounts carried on behalf of another broker or dealer, shall be reduced by any deficits in such accounts (or if a credit, such credit shall be increased) less any calls for margin, marks to the market, or other required deposits which are outstanding 5 business days or less.

(3) Debit balances in customers' cash and margin accounts included in the formula under item 10 shall be reduced by an amount equal to 1 percent of their aggregate value.

(4) Debit balances in cash and margin accounts of household members and other persons related to principals of a broker or dealer and debit balances in cash and margin accounts of affiliated persons of a broker or dealer shall be excluded from the Reserve Formula, unless the broker or dealer can demonstrate that such debit balances are directly related to credit items in the formula.

(5) Debit balances in margin accounts (other than omnibus accounts) shall be reduced by the amount by which any single customer's debit balance exceeds 25% (to the extent such amount is greater than \$50,000) of the broker-dealer's tentative net capital (i.e., net capital prior to securities haircuts) unless the broker or dealer can demonstrate that the debit balance is directly related to credit items in the Reserve Formula. Related accounts (e.g., the separate accounts of an individual, accounts under common control or subject to cross guarantees) shall be deemed to be a single customer's accounts for purposes of this provision.

If the registered national securities exchange or the registered national securities association having responsibility for examining the broker or dealer ("designated examining authority") is satisfied, after taking into account the circumstances of the concentrated account including the quality, diversity, and marketability of the collateral securing the debit balances or margin accounts subject to this provision, that the concentration of debit balances is appropriate, then such designated examining authority may grant a partial or plenary exception from this provision.

The debit balance may be included in the reserve formula computation for five business days from the day the request is made.

(6) Debit balances of joint accounts, custodian accounts, participations in hedge funds or limited partnerships or similar type accounts or arrangements of a person who would be excluded from the definition of customer ("non-customer") which persons includible in the definition of customer shall be included in the Reserve Formula in the following manner: if the percentage ownership of the non-customer is less than 5 percent then the entire debit balance shall be included in the formula; if such percentage ownership is between 5 percent and 50 percent then the portion of the debit balance attributable to the non-customer shall be excluded from the formula unless the broker or dealer can demonstrate that the debit balance is directly related to credit items in the formula; if such percentage ownership is greater than 50 percent, then the entire debit balance shall be excluded from the formula unless the broker or dealer can demonstrate that the debit balance is directly related to credit items in the formula.

NOTE F. Item 13 shall include the amount of margin required and on deposit with Options Clearing Corporation to the extent such margin is represented by cash, proprietary qualified securities, and letters of credit collateralized by customers' securities.

§ 240.15c3-4 Internal risk management control systems for OTC derivatives dealers.

(a) An OTC derivatives dealer shall establish, document, and maintain a system of internal risk management controls to assist it in managing the risks associated with its business activities, including market, credit, leverage, liquidity, legal, and operational risks.

(b) An OTC derivatives dealer shall consider the following when adopting its internal control system guidelines, policies, and procedures:

(1) The ownership and governance structure of the OTC derivatives dealer;

(2) The composition of the governing body of the OTC derivatives dealer;

(3) The management philosophy of the OTC derivatives dealer;

(4) The scope and nature of established risk management guidelines;

(5) The scope and nature of the permissible OTC derivatives activities;

(6) The sophistication and experience of relevant trading, risk management, and internal audit personnel;
