

§ 10.304

19 CFR Ch. I (4-1-03 Edition)

than 50 percent of the value of the goods when exported to the United States;

(ii) The assembled goods are not subsequently processed or further assembled in a third country; and

(iii) The goods satisfy the requirement in §10.306.

(b) *Originating materials.* For purposes of this section and §10.305, the term “materials” means goods, other than those included as part of the direct cost of processing or assembling, used or consumed in the production of other goods, and the term “originating” when used with reference to such materials means that the materials satisfy one of the criteria for originating goods set forth in paragraph (a) of this section.

(c) *Change in classification.* For purposes of paragraph (a) of this section, the expression “change in classification” means a change of classification within the Harmonized Commodity Description and Coding System (Harmonized System) as published and amended from time to time by the Customs Cooperation Council.

(d) *Articles of feather.* The goods are eligible to be treated as originating in Canada pursuant to General Note 3(c)(vii)(R)(12)(ee), HTSUS.

[T.D. 92-8, 57 FR 2453, Jan. 22, 1992]

§ 10.304 Exclusions.

(a) *Changes based on simple processing.* No goods shall be considered originating for purposes of eligibility under the Agreement if they have merely undergone simple packaging or simple combining operations, or have undergone mere dilution with water or with another substance that does not materially alter the characteristics of the goods.

(b) *Other excluded processing.* No goods shall be considered to be originating merely by virtue of having undergone any process or work in which the facts clearly justify the presumption that the sole object was to circumvent the provisions of Chapter 3 of the Agreement.

§ 10.305 Value content requirement.

(a) *Direct cost of processing or assembling.*

(1) *Definition.* For purposes of applying a specific rule of origin under the

Agreement which requires a value content determination, the terms “direct cost of processing” and “direct cost of assembling” mean the costs directly incurred in, or that can be reasonably allocated to, the production of goods, including:

(i) The cost of all labor, including benefits and on-the-job training, labor provided in connection with supervision, quality control, shipping, receiving, storage, packaging, management at the location of the process or assembly, and other like labor, whether provided by employees or independent contractors;

(ii) The cost of inspecting and testing the goods;

(iii) The cost of energy, fuel, dies, molds, tooling, and the depreciation and maintenance of machinery and equipment, without regard to whether they originate within the territory of the United States or Canada;

(iv) Development, design, and engineering costs;

(v) Rent, mortgage interest, depreciation on buildings, property insurance premiums, maintenance, taxes and the cost of utilities for real property used in the production of the goods; and

(vi) Royalty, licensing, or other like payments for the right to the goods.

(2) *Exclusions from direct costs of processing or assembling.* Excluded from the direct costs of processing or assembling are:

(i) Costs relating to the general expense of doing business, such as the cost of providing executive, financial, sales, advertising, marketing, accounting and legal services, and insurance;

(ii) Brokerage charges relating to the importation and exportation of goods;

(iii) Costs for telephone, mail, and other means of communication;

(iv) Packing costs for exporting the goods;

(v) Royalty payments related to a licensing agreement to distribute or sell the goods;

(vi) Rent, mortgage interest, depreciation on buildings, property insurance premiums, maintenance, taxes, and the cost of utilities for real property used by personnel charged with administrative functions; and

(vii) Profit on the goods.
