Subpart A—General Provisions

§ 602.1 Purpose.

The purpose of this part is to prescribe a Quality Control (QC) program for the Federal-State unemployment insurance (UI) system, which is applicable to the State UI programs and the Federal unemployment benefit and allowance programs administered by the State Employment Security Agencies (SESA) under agreements between the States and the Secretary of Labor (Secretary). QC will be a major tool to assess the timeliness and accuracy of State administration of the UI program. It is designed to identify errors in claims processes and revenue collections (including payments in lieu of

contributions and Extended Unemployment Compensation Account collections), analyze causes, and support the initiation of corrective action.

§ 602.2 Scope.

This part applies to all State laws approved by the Secretary under the Federal Unemployment Tax Act (section 3304 of the Internal Revenue Code of 1954, 26 U.S.C. section 3304), to the administration of the State laws, and to any Federal unemployment benefit and allowance program administered by the SESAs under agreements between the States and the Secretary. QC is a requirement for all States, initially being applicable to the largest permanently authorized programs (regular UI including Combined-Wage-Claims) and federally-funded programs (Unemployment Compensation for Ex-Servicemen and Unemployment Compensation for Federal Employees). Other elements of the QC program (e.g., interstate, extended benefit programs, benefit denials, and revenue collections) will be phased in under a schedule determined by the Department in consultation with State agencies.

Subpart B—Federal Requirements

§ 602.10 Federal law requirements.

(a) Section 303(a)(1) of the Social Security Act (SSA), 42 U.S.C. 503(a)(1), requires that a State law include provision for:

Such methods of administration . . . as are found by the Secretary of Labor to be reasonably calculated to insure full payment of unemployment compensation when due.

(b) Section 303(a)(6), SSA, 42 U.S.C. 505(a)(6), requires that a State law include provision for:

The making of such reports, in such form and containing such information, as the Secretary of Labor may from time to time require, and compliance with such provisions as the Secretary of Labor may from time to time find necessary to assure the correctness and verification of such reports.

(c) Section 303(b), SSA, 42 U.S.C. 503(b), provides in part that:

Employment and Training Administration, Labor

§ 602.21

Whenever the Secretary of Labor, after reasonable notice and opportunity for hearing to the State agency charged with the administration of the State law, finds that in the administration of the law there is—

* * * * *

(2) a failure to comply substantially with any provision specified in subsection (a); the Secretary of Labor shall notify such State agency that further payments will not be made to the State until the Secretary of Labor is satisfied that there is no longer any such denial or failure to comply. Until he is so satisfied, he shall make no further certification to the Secretary of the Treasury with respect to such State

(d) Certification of payment of granted funds to a State is withheld only when the Secretary finds, after reasonable notice and opportunity for hearing to the State agency—

(1) That any provision required by section 303(a) of the Social Security Act is no longer included in the State unemployment compensation law, or

(2) That in the administration of the State unemployment compensation law there has been a failure to comply substantially with any required provision of such law.

§ 602.11 Secretary’s interpretation.

(a) The Secretary interprets section 303(a)(1), SSA, to require that a State law provide for such methods of administration as will reasonably ensure the prompt and full payment of unemployment benefits to eligible claimants, and collection and handling of income for the State unemployment fund (particularly taxes and reimbursements), with the greatest accuracy feasible.

(b) The Secretary interprets sections 303(a)(1) and 303(a)(6), SSA, to authorize the Department of Labor to prescribe standard definitions, methods and procedures, and reporting requirements for the QC program and to ensure accuracy and verification of QC findings.

(c) The Secretary interprets section 303(b)(2), SSA to require that, in the administration of a State law, there shall be substantial compliance with the provisions required by sections 303(a) (1) and (6). Further, conformity of the State law with those require-

ments is required by section 303(a) and § 601.5(a) of this chapter.

(d) To satisfy the requirements of sections 303(a) (1) and (6), a State law must contain a provision requiring, or which is construed to require, the establishment and maintenance of a QC program in accordance with the requirements of this part. The establishment and maintenance of such a QC program in accordance with this part shall not require any change in State law concerning authority to undertake redeterminations of claims or liabilities or the finality of any determination, redetermination or decision.

Subpart C—State Responsibilities

§ 602.20 Organization.

Each State shall establish a QC unit independent of, and not accountable to, any unit performing functions subject to evaluation by the QC unit. The organizational location of this unit shall be positioned to maximize its objectivity, to facilitate its access to information necessary to carry out its responsibilities, and to minimize organizational conflict of interest.

§ 602.21 Standard methods and procedures.

Each State shall:

(a) Perform the requirements of this section in accordance with instructions issued by the Department, pursuant to § 602.30(a) of this part, to ensure standardization of methods and procedures in a manner consistent with this part;

(b) Select representative samples for QC study of at least a minimum size specified by the Department to ensure statistical validity (for benefit payments, a minimum of 400 cases of weeks paid per State per year);

(c) Complete prompt and in-depth case investigations to determine the degree of accuracy and timeliness in the administration of the State UI law and Federal programs with respect to benefit determinations, benefit payments, and revenue collections; and conduct other measurements and studies necessary or appropriate for carrying out the purposes of this part; and in conducting investigations each State shall:
