

§ 631.31

be representative and fair in order to be most effective.

§ 631.31 Monitoring and oversight.

The Governor is responsible for monitoring and oversight of all State and substate grantee activities under this part. In such monitoring and oversight of substate grantees, the Governor shall ensure that expenditures and activities are in accordance with the substate plan or modification thereof, and with the cost limitations described in § 631.14 of this part.

§ 631.32 Allocation of funds by the Governor.

Of the funds allotted to the Governor by the Secretary under §§ 631.11 and 631.12 of this part:

(a) The Governor shall issue allocations to substate grantees, the sum of which shall be no less than 50 percent of the State's allotment (section 302(d)).

(b)(1) The Governor shall prescribe the formula to be used in issuing substate allocations required under paragraph (a) of this section to substate grantees.

(2) The formula prescribed pursuant to paragraph (b)(1) of this section shall utilize the most appropriate information available to the Governor. In prescribing the formula, the Governor shall include (but need not be limited to) the following information:

- (i) Insured unemployment data;
- (ii) Unemployment concentrations;
- (iii) Plant closing and mass layoff data;
- (iv) Declining industries data;
- (v) Farmer-rancher economic hardship data; and
- (vi) Long-term unemployment data.

(3) The Governor may allow for an appropriate weight for each of the formula factors set forth in paragraph (b)(2) of this section. A weight of zero for any of the factors required in section 302(d) of the Act and identified in paragraph (b)(2) of this section shall only be made when a review of available data indicates that the factor is not relevant to determining the incidence of need for worker dislocation assistance within the State. The formula may be amended no more fre-

quently than once each program year (section 302(d)).

(c) The Governor may reserve an amount equal to not more than 40 percent of the funds allotted to the State under § 631.11 and § 631.12 of this part for State activities and for discretionary allocations to substate grantees (section 302(c)(1)).

(d) The Governor may reserve an additional amount equal to not more than 10 percent of the funds allotted to the State under § 631.11 of this part. The Governor shall allocate such funds, subject to the SJTCC or HRIC review and comment, during the first three quarters of the program year among substate grantees on the basis of need. Such funds shall be allocated to substate grantees and shall not be used for statewide activities. Such funds shall be included in each substate grantee's allocation for purposes of cost limitations, as described in § 631.14 of this part (sections 302(c)(2) and 317(1)(B)).

§ 631.33 State procedures for identifying funds subject to mandatory Federal reallocation.

The Governor shall establish procedures to assure the equitable identification of funds required to be reallocated pursuant to section 303(b) of the Act. Funds so identified may be funds reserved by the State pursuant to section 302(c)(1)(A) through (D) of the Act and/or allocated to substate grantees pursuant to section 302(c)(1)(E), (c)(2) and/or (d) of the Act (section 303(d)). Such procedures may not exempt either State or substate funds from reallocation.

§ 631.34 Designation of substate areas.

(a) The Governor, after receiving recommendations from the SJTCC or HRIC, shall designate substate areas for the State (section 312(a)).

(b) In designating substate areas, the Governor shall:

(1) Ensure that each service delivery area within the State is included within a substate area and that no SDA is divided among two or more substate areas; and

(2) Consider the availability of services throughout the State, the capability to coordinate the delivery of services with other human services and

economic development programs, and the geographic boundaries of labor market areas within the State.

(c) Subject to paragraph (b) of this section, the Governor shall designate as a substate area:

(1) Any single SDA that has a population of 200,000 or more;

(2) Any two or more contiguous SDA's that:

(i) In the aggregate have a population of 200,000 or more; and

(ii) Request such designation; and

(3) Any concentrated employment program grantee for a rural area as described in section 101(a)(4)(A)(iii) of the Act.

(d) In addition to the entities identified in paragraph (c) of this section, the Governor may, without regard to the 200,000 population requirement, designate SDAs with smaller populations as substate areas.

(e) The Governor may deny a request for substate area designation from a consortium of two or more SDAs that meets the requirements of paragraph (c)(2) of this section only upon a determination that the request is not consistent with the effective delivery of services to eligible dislocated workers in the relevant labor market area, or would otherwise not be appropriate to carry out the purposes of title III. The Governor will give good faith consideration to all such requests by a consortium of SDAs to be a substate area. In denying a consortium's request for substate area designation, the Governor shall set forth the basis and rationale for the denial (section 312(a)(5)).

(f) In the case where the service delivery area is the State, the entire State shall be designated as a single substate area.

(g)(1) Entities described in paragraphs (c)(1) and (3) of this section may appeal the Governor's denial of substate area designation to the Secretary of Labor. The procedures that apply to such appeals shall be those set forth at § 628.405(g) for appeals of the Governor's denial of SDA designation.

(2) An entity described in paragraph (c)(2) of this section that has been denied substate area designation may utilize the State-level grievance procedures required by section 144(a) of the Act and subpart E of part 627 of this

chapter for the resolution of disputes arising from such a denial.

(h) Designation of substate areas shall not be revised more frequently than once every two years. All such designations must be completed no later than four months prior to the beginning of any program year (section 312(a)(6)).

§ 631.35 Designation of substate grantees.

The Governor may establish procedures for the designation of substate grantees.

(a) Designation of the substate grantee for each substate area shall be made on a biennial basis.

(b) Entities eligible for designation as substate grantees include:

(1) Private industry councils in the substate area;

(2) Service delivery area grant recipients or administrative entities designated under Title II of the Act;

(3) Private non-profit organizations;

(4) Units of general local government in the substate area, or agencies thereof;

(5) Local offices of State agencies; and

(6) Other public agencies, such as community colleges and area vocational schools.

(c) Substate grantees shall be designated in accordance with an agreement among the Governor, the local elected official or officials of such area, and the private industry council or councils of such area. Whenever a substate area is represented by more than one such official or council, the respective officials and councils shall each designate representatives, in accordance with procedures established by the Governor (after consultation with the SJTCC or HRIC), to negotiate such agreement.

(d) The agreement specified in paragraph (c) of this section shall set forth the conditions, considerations, and other factors related to the selection of substate grantees in accordance with section 312(b) of the Act.

(e) The Governor shall negotiate in good faith with the parties identified in paragraph (c) of this section and shall make a good faith effort to reach agreement. In the event agreement
