§ 880.612a Preference for occupancy by elderly families.

(a) *Election of preference for occupancy by elderly families—(1) Election by owners of eligible projects.* (i) An owner of a project assisted under this part (including a partially assisted project) that was originally designed primarily for occupancy by elderly families (an "eligible project") may, at any time, elect to give preference to elderly families in selecting tenants for assisted, vacant units in the project, subject to the requirements of this section.

(ii) For purposes of this section, a project eligible for the preference provided by this section, and for which the owner makes an election to give preference in occupancy to elderly families is referred to as an "elderly project." "Elderly families" refers to families whose heads of household, their spouses or sole members are 62 years or older.

(iii) An owner who elects to provide a preference to elderly families in accordance with this section is required to notify families on the waiting list who are not elderly that the election has been made and how the election may affect them if:

(A) The percentage of disabled families currently residing in the project who are neither elderly nor near-elderly (hereafter, collectively referred to as "non-elderly disabled families") is equal to or exceeds the minimum required percentage of units established for the elderly project in accordance with paragraph (c)(1) of this section, and therefore non-elderly families on the waiting list (including non-elderly disabled families) may be passed over for covered section 8 units; or

(B) The project, after making the calculation set forth in paragraph (c)(1) of this section, will have no units set aside for non-elderly disabled families.

(iv) An owner who elects to give a preference for elderly families in accordance with this section shall not remove an applicant from the project's waiting list on the basis of having made the election.
